

## Asks H.S.T. Be Barred From Giving Secrets

### Knowland Says Consult Solons First

Washington, July 23—(AP)—Senator Knowland (R-Calif.) threatened today to carry to the Senate floor a fight to tie President Truman's hands against giving atomic bomb information to Great Britain or any other foreign nation.

Knowland, a member of the Senate-House atomic committee, said in a statement it is his "firm belief" that under the 1946 atomic energy act "the executive branch of this government and the atomic energy commission have no legal or moral right to disclose information regarding our atomic weapons to any other nation without the approval of the congress of the United States."

**Brought Into Open**  
The California Senator thus brought into the open the issue of whether or not the executive branch of government officials with President Truman recently.

The question of whether the President, by his own action alone, could give Great Britain the final know-how on the making of atomic weapons was said to have caused explosive argument at the conference.

There were indications that while Knowland spoke only for himself, he had the sympathy, if not open backing of most of the Republican members of the Senate-House committee as well as some of the Democrats on that group.

Appraised of Knowland's statement, Senator Vandenberg (R-Mich.) declined comment. There were signs, however, that he shares Knowland's view that the atomic act bars any exchange of information until an international agreement has been made for atomic control.

**Bars Atom Export**  
The act bars export of fissionable materials and of atomic weapons. It says no information on "industrial" application of atomic power shall be given other nations until there is an international control agreement.

Senator Hickenlooper (I-Iowa), former chairman of the Senate-House committee, has contended that industrial making comes under the atomic clause and thus bars the exchange of information.

On the other hand, Chairman David E. Lilienthal of the atomic energy commission is reported to hold the belief that the President has inherent authority to exchange atomic information with the British by executive agreement.

## War-Dog Hoofs It 2,000 Miles To Be With His Master

Seattle, July 23—(AP)—Schultz, a German shepherd war-dog, apparently hoofs it some 2,000 miles from Wakarusa, Ind., to Seattle to be with his owner.

The home-loving dog turned up at a Seattle housing development. He was turned over to the Marine corps recruiting office and today returned to his owner, Pfc. Richard B. Anthony, who is stationed near here.

Anthony shipped the dog to his mother about two weeks ago, because Schultz couldn't get along with "Blackie," the mascot dog at the Marine base where Anthony is stationed.

His mother wrote him that Schultz escaped about July 1.

Anthony originally brought Schultz from the dog pound, where he had been kept after becoming lost from a previous owner.

The recruiting office said Schultz was born into the Marine corps on March 9, 1942 and served with the Marines in China. He wears an identification card bearing the name Sgt. Hardy of the 3rd Marines, and his own picture and serial number.

Schultz was in good shape on arrival here, except his toenails were worn down.

## Says State Dept. Deserted Chiang

Washington, July 23—(AP)—Senator McCarran (D-Nev.) today accused the state department of "undermining the leadership of Chiang Kai-Shek and the legitimate Chinese government" and indirectly aiding the Communist "drive for world domination."

The senator said he has learned that the department is planning to release a so-called white paper on the situation in China. He expressed a hope "that the state department will refrain from any such action at this time."

McCarran and other senators have opposed cutting off of United States aid for Chiang and the Nationalist government after their long series of defeats in the Chinese internal conflict.

## GOP Solons Will Not Help Pick New Leader

Washington, July 23—(AP)—Congressional leaders rejected today a proposal that they share directly in picking a new Republican national chairman.

The proposal was made by Sinclair Weeks, Massachusetts national committeeman, former senator and former GOP national treasurer.

He wrote other members of the committee, scheduled to meet here August 4 to receive the resignation of Chairman Hught D. Scott, Jr., suggesting that members of congress be cut in directly on the choice of a successor.

Weeks proposed that four members of the GOP executive committee, headed by Scott, sit down August 3 with Senator Vandenberg (R-Mich.), house minority leader Martin of Massachusetts, Senator Brewster (R-Me) and Rep. Leonard

W. Hall (R-NY) to choose a man and recommend him to the national committee.

Brewster and Hall head the GOP campaign committees of the two houses.

Vandenberg told a reporter he doesn't want anything to do with the choice of a chairman. Brewster said he thinks national committee members generally would "resent" such an action. Martin and Hall were out of the city.

Senator Taft of Ohio, chairman of the Senate GOP policy committee, said he had heard of the proposal and added that he doesn't believe it would work.

Week's proposal that four executive committee members meet with the four members of congress was opposed in some quarters because Scott, the retiring chairman, controls the executive group.

## '52-20' Program Dies Next Monday

Washington, July 23—(AP)—The last legal ties between the army and air force have been cut, but it took two years and 40 orders to do it.

Defense Secretary Johnson announced today he had signed "transfer order No. 40," assigning to the now completely independent United States Air Force all functions and powers not included under previous orders.

## Three Arrested In Cohen Shooting Later Released

Los Angeles, July 23—(AP)—Three men were arrested today in San Francisco for questioning about the shooting of gambler Mickey Cohen, but were released.

They are Jimmy Tarantino, 38, editor of a Hollywood night life publication; Hy Porter, 38, Tarantino's San Francisco representative, and Joseph Tenner, 49, former San Francisco night club owner and an advertising salesman there for Tarantino.

They were picked up "on information" by San Francisco police. Two Los Angeles sheriff's detectives flew to the bay city to question them.

Tarantino promptly obtained his release on \$1,000 bond on a habeas corpus writ, with a hearing set for Tuesday. Two hours later Porter and Tenner were released without having to apply for writs.

San Francisco's chief of police inspectors, James English, said Tarantino was questioned because, during an argument there recently, the editor was heard to say "I'll take care of Mickey Cohen."

Tarantino, calling his detention "ridiculous," said it amounted to "revenge" because his magazine had criticized some San Francisco police officials.

## Announces 2 More Illinois Welfare Jobs To Be Ended

Springfield, Ill., July 23—(AP)—Two more jobs in the State Welfare department will be abolished Aug. 1, Welfare Director Fred K. Hoehler announced today.

"We can discover no real need for a state surgeon or a supervising dentist," Hoehler said. "The department is in a position to absorb their duties without adding to our present staff."

Elimination of the two positions will save \$12,000 a year in salaries, he said.

Dr. Frederick Grunbeck of Chicago has been state surgeon and Dr. C. L. Daniels of Aurora supervising dentist since 1940.

The department, which supervises mental institutions, previously did away with four other jobs—state alienist, superintendent of charities, assistant director and fiscal supervisor at an annual salary saving of \$24,000.

## VETERANS' FILES

Springfield, Ill., July 23—(AP)—The Illinois Veterans commission has on file here service records of 400,000 veterans.

A. R. Kays, administrator, said today the commission has cleared 379,992 applications for federal and state benefits in the four years of its operation.

## Steelworkers Say Only Best Wishes Given To Retirees

Pittsburgh, July 23—(AP)—The CIO-United Steelworkers charged today that best wishes are all the bulk of U.S. Steel Corp. employees can expect in the way of pensions.

The union disclosed details of its demands for a \$150 monthly pension upon voluntary retirement at 65. It said the plan would cost about 6.15 cents per hour per employee, after tax savings and "other economies."

The union also disclosed its insurance program demand would cost the corporation 4.84 cents, or a total of 10.99 cents. In addition, the union seeks an unspecified general wage increase from U.S. Steel and other steel companies.

A booklet entitled "pension plan and social insurance documents," prepared for use in contract negotiations, said:

"The sole reward to which employees of the U.S. Steel Corp. can now look forward to in return for a lifetime of service is a letter expressing a hope for 'the best of health' and that 'retirement years will be many and enjoyable'—only that and nothing more. A healthy, enjoyable and long retirement is hardly possible on the incomes available to the retired employees of U.S. Steel."

## Churchill Says His Party Would Make Britain Greater

Wolverhampton, Eng., July 23—(AP)—Winston Churchill said today the conservative party's main aim is to restore the greatness of Britain and "the first essential step is to regain our economic independence by earning our own livelihood."

Socialism and communism, he charged, differ only in methods.

The wartime prime minister, speaking before a sell-out crowd of 40,000 in the Wolverhampton soccer arena, said the labor (Socialist) government had steeled Britain near a ruin which would "carry many other nations with us into chaos and communism."

"Never before in the history of human government has such great havoc been wrought by such small men," declared Churchill, departing from his prepared text. The aside recalled his tribute to RAF fighters in the battle of Britain: "never in the field of human conflict was so much owed by so many to so few."

The chunky conservative statesman denounced "socialist spending" and "muddlers" in a major policy speech bidding for public support in the parliamentary elections due sometime before the expiration of the labor government's five-year term in mid-1950. Churchill elaborated on the conservative party platform, released a few hours earlier today.

## Thousands Of Vets Have Not Applied For Jobless Pay

Washington, July 23—(AP)—The "52-20" program dies Monday night but thousands of veterans may be eligible for its benefits for years to come.

The program since its beginning in September, 1944, has funneled \$3,600,000,000 into the pockets of some 8,770,000 World War II veterans during their periods of unemployment.

By contrast, state unemployment agencies, functioning for 13 years for the benefit of the whole public, have paid out \$6,000,000,000.

**Over 3 Billion Paid Out**  
The 52-20 benefits paid through May were (1) \$3,051,958,059 in unemployment allowances which allow a maximum of \$20 a week up to a total of 53 weeks, and (2) \$570,882,765 in self-employment allowances. The latter include \$100 a month for not more than ten and two-fifths months for unemployed agricultural workers and others working for themselves who earn less than \$100 a month.

Despite the amounts paid and the number sharing, only 239,737 veterans had exhausted their full benefits. The World War II veteran population at the end of May was 15,163,000, all of whom were entitled to unemployment aid.

At least seven bills were submitted in the 81st Congress to extend the expiring program for from one to five years and in some cases to increase weekly payments to \$30 to \$35 with a \$5 a week additional for each dependent.

**No Action Taken**  
No action was taken on them. The nearest approach was a unanimous vote by the Senate Labor committee benefits for a year, but to drop the self-employment provisions. Members of the committee said that phase of the program had been abused.

The bill was believed to have little chance of passing the Senate. Meanwhile, Rep. Rankin (D-Miss.) has bottled up a similar measure in the House in his veterans committee. Rankin is strongly opposed to extension of the program, and has urged adoption of a bonus instead.

As the program enters its final hours, some 650,000 veterans are on its rolls.

The veterans administration said the majority of them would draw their final checks at the end of this week. Some states operate on a bi-weekly basis, and will issue their checks in August. In the case of most veterans, claims will not be allowed on any unemployment week starting after Monday.

## Accountant Found Murdered In Auto

Oconto, Wis., July 23—(AP)—Emil A. Nordbeck, 44-year-old Milwaukee accountant, was found shot to death in his car at a highway junction near here today.

Oconto County Coroner William Gallagher said Nordbeck had been murdered.

The victim had been shot once in the head with a heavy calibre gun, Gallagher said. But no weapon was found.

Authorities theorized that Nordbeck might have been killed by a hitchhiker. There was \$10 in his wallet. However, J. A. Sampson, president of the Phoenix Chair Co., Sheboygan, Wis., for which Nordbeck was controller, said Nordbeck often picked up hitchhikers and always carried more than that sum.

State Policeman David James said today he filed charges against Nelson and the brother, Merle, in connection with the fatal accident while the family was on a cherry picking jaunt.

Barry Schultz was killed and six other members of the family were hurt when the truck overturned on a muddy mountain road July 18.

James said he filed a charge of driving a truck without an operator's license against Merle and permitting an unlicensed operator to drive his truck against Nelson.

James said Nelson drove the truck because no other member of the family knew how to drive. Nelson, blinded in World War II, operated the brakes and gear pedal of the truck and Merle sat on his lap and steered, James reported.

### Report Red Plans To Industrialize China Set Back For Several Years

Shanghai, July 23—(AP)—Speeches by two top Chinese communists seem to have convinced the Reds within the last couple of weeks indicate the Red timetable for industrializing China has been set back possibly for years.

The delay, which also means postponement of the effort to bring socialism to China—since it was upon the industrial structure that socialism was to grow—is being blamed on the western economic blockade.

It all seems to add up to the fact that the Reds cannot make their conquered cities function.

These cities were to have been the cores from which the industrializing process would spread; but the cities are a mess. The paper plans which called for vast transformations are being altered.

The national blockade of the communist coast, drought, floods, famine and an uncontrollable labor situation, are immediate problems.

## Hoey Says Secret Diary Contains Names Of Solons

Newark, N. J., July 23—(AP)—Public Safety Director John B. Keenan today disclosed a police plan to provide descriptions of all wanted bandits to the city's 1,000 taxicab drivers.

Keenan said the cab drivers will in effect become "private eyes" for the police. They will keep their eyes peeled for men wanted for hold-ups, and report suspicions to the police, he said.

## Triplets, Quads Invited To Annual Twin Convention

Ottawa, Ill., July 23—(AP)—The 10th annual Illinois Twins convention at Starved Rock State park tomorrow may see the spotlight take off the twins themselves.

For the first time, triplets and quadruplets will be invited. If enough show up, triplet and quad kings and queens will share honors with the usual twin rulers.

Mrs. Marie Galley of Ottawa, secretary of the Illinois Twins association, said between 600 and 700 individual twins are expected for the all-day celebration. Almost 500 attended last year.

Eight bands will provide music, and the Illinois Valley Accordion fiesta will be held in conjunction with the event.

Contests will determine the oldest, youngest, fattest twins and those which come the longest distance for the festivities.

## Says Solons Sent Home Too Early To Provide City Aid

Springfield, Ill., July 23—(AP)—Senator Wallace Thompson of Galesburg said today the legislature might have made some provision for aiding cities if Governor Stevenson had not sent the lawmakers home July 1.

Thompson, GOP Senate leader, issued a statement in connection with Mayor Kenney's criticism Friday of Governor Stevenson for abandoning the state aid to cities program in the assembly.

Thompson said the Senate voted to return to session July 18 but that the Democratic governor, using his constitutional power, adjourned the legislature until 1951.

"If the (city aid) bill in question had passed and had resulted in a deficiency of funds, under the July 13 adjournment plan the legislature would have still been in session and able to take whatever action was necessary," Stevenson said.

He scrapped the bill because the GOP Senate defeated his sales tax broadening plan for financing the program.

## 300 CHILDREN GET CASE OF D-D-T'S

Tulsa, Okla., July 23—(AP)—Three hundred children were recovering today from a severe case of the "D.D.T.'s."

As they watched a special movie cartoon matinee the theater air conditioning system picked up a city health department insecticide spray being applied outside as an anti-polio measure.

No one stayed to see the show.

These and other developments seem to have convinced the Reds that they can expect little or no aid from the west; and Russia does not have what they need.

Chou En-Lai, China's No. 2 political communist, told the sino-Soviet friendship association in Peiping.

"United States imperialism and Kuomintang (nationalist) reactionaries are scheming to blockade China economically. Chinese must be mentally prepared for a blockade of eight to ten years."

(As a matter of fact, the United States and other western powers have refused to recognize the nationalist blockade of Red China, but western businessmen have found that the chances for profitable commerce with the Reds are too small to justify the risks.)

Chou compared China to Russia after the 1927 revolution, when the western powers limited their economic traffic with the Soviets.

All this is in contrast with statements of Red leaders as recently as two months ago. (That was when they took Shanghai and were bubbling over with optimism.)

They said China must take help wherever she could get it, because western aid was essential to industrialization. Now, recent events seem to have convinced the Reds that they cannot depend on western assistance.

This may mean that they feel they have alienated the west through failure to keep trade open and through their propaganda, and with such episodes as the Olive case. (U. S. Vice Counsel William M. Olive was arrested in a minor traffic case in Shanghai July 6, and held for three days incommunicado. The Reds announced they had "educated" him in that period, but the U. S. counsel general said they had brutally beaten him.)

## Says That Does Not Mean They Acted Illegally

Washington, July 23—(AP)—Senator Hoey (D-N.C.) said today a secret diary in the "five percenter" inquiry mentions some congress members, but "doesn't necessarily indicate they are connected with any improper transactions."

At the same time, a Senate official who has studied the voluminous notebook said it "absolutely contains nothing that incriminates anyone."

**Kept By James Hunt**  
The diary, now in the hands of the Senate investigations subcommittee, was kept by James V. Hunt, a former army officer and war assets administration employee. A Massachusetts manufacturer has asserted he paid Hunt for help in seeking a government contract.

The manufacturer, Paul Grindle, said in a copyrighted story in the New York Herald Tribune that Hunt claimed friendship with government officials, and that he worked for a fee. Hunt has denied any attempt to sell influence.

The term "five percenter" refers to Washington agents who hire out to help get government contracts, usually for five per cent of the gross proceeds. The practice is not illegal.

**2 Generals Suspended**  
Two army major generals already have been suspended as a result of the subcommittee's preliminary investigations. They are Herman Feldman, the quartermaster general, and Alden H. Waitt, chief of the chemical corps.

The details contents of Hunt's diary are a closely guarded secret but it reportedly contains a day-by-day account of his business and social activities.

Hoey is chairman of the senate subcommittee which is getting ready to hold public hearings to learn whether influence figured in the award of government contracts.

Referring to Hunt's diary, Hoey told reporters:

"The number of people mentioned in it include some government officials—including some members of congress. But that doesn't necessarily indicate that they are connected with any improper transactions."

## Man Does Stunts On 400-Foot Pole; Won't Come Down

Minneapolis, July 23—(AP)—A man climbed to the top of the 400 foot steel radio tower at the Minneapolis armory tonight and defied efforts of police to make him come down.

Papers found in a pocketbook at the foot of the tower indicated the man was Stephen Franczyk, 33, of Minneapolis.

Police said they believed the same man attempted to stand on his head on top of the tower about a year ago.

When first noted tonight the bare-headed and coatless man was doing a head-stand on the swaying tower. A crowd soon gathered.

Later the man came down about 30 feet from the top and attempted a few gymnastic stunts. When police called up to him, he scurried toward the top.

Extra police were called to keep traffic moving. A hook and ladder company of the fire department stood by, and a sound truck was set up. Police said they were going to try to persuade the man to come down before he fell.

## 'Witness 8' Asks Senators Oust UN Head

Washington, July 23—(AP)—A mystery witness has told Congress that the United Nations secretariat under Trygve Lie is terrorized by Communist agents who force employees to become their tools.

A Senate judiciary subcommittee today made public the testimony of "Witness No. 8," not otherwise identified. His story was given behind closed doors, in broken English.

The committee gave no indication as to the identity of the witness, but his testimony indicated that he had, at least in the past, worked for the UN.

**Appoint 'Capable' Man**  
The senators seek ouster of Lie, Norwegian-born secretary-general of UN, and urge appointment of a "capable" successor.

At Lake Success, N. Y., acting secretary general Byron Price described the witness, testimony as "fantastically untrue."

"This is the nuttiest story I have heard yet," Price said in an official statement issued at U. N. headquarters. He added:

"I am in a position to know that the charges relating to the administrative policies of secretary-general Trygve Lie and personnel policies of the United Nations are fantastically untrue."

"I am sure that no fair-minded person will attach significance to the statement of a mysterious, so-called 'official' who attempts wholesale character assassination of his colleagues but refuses to give his name."

**'Utterly Fantastic'**  
Andrew W. Cordier, Lie's executive assistant, termed the witness' testimony "utterly fantastic."

Cordier said Lie "has adhered strictly to the policies of the general assembly regarding the recruitment of United Nations personnel."

"Mr. Lie has always carried out the specific policies laid down by the general assembly for him," Cordier said.

In Norway, where Lie now is vacationing, he said through his personal representative, Clyde Nichols, that he did not want to make any comment on the witness' testimony.

**Referred Case To Price**  
Nichols added that Lie had been informed of the testimony and had referred the case to acting secretary general Byron Price.

Communist pressure comes from "the top," said No. 8. He charged that high United Nations officials from democratic countries fail to resist it.

He said the Reds seek to use the secretariat and UN service for Soviet purposes.

The committee is taking evidence in connection with a bill of chairman McCarran (D-Nev.) that would give the government new powers to keep subversive aliens out of the country and put out those already here.

In testifying before the committee last week, attorney general Tom Clark disclosed that more than a score of United Nations employees are being investigated by the justice department.

The 30-page transcript of testimony by witness No. 8 indicated he is a foreigner. From the many questions he was asked relating to Czechoslovakia, it appears he might be a Czech.

There was no speculation whether he was the "Mr. X" who testified early in the hearings. The committee then said that a disclosure of his identity might endanger his life.

## Capture Gunman Who Robbed Bank

Springfield, Mass., July 23—(AP)—A 21-year-old paratrooper was arrested here today as he shopped for a \$3,500 car. Police said he was the cool gunman who robbed a New Britain, Conn., bank of \$6,000 on Friday.

Police Capt. William F. Lonergan identified the soldier as John C. Hamilton, Jr., 21, of Newington, Conn.

Lonergan said Hamilton admitted orally that he held up the Fidelity Industrial bank and escaped after exchanging a polite "good morning" with a girl employee.

## RAIN FLOODS TOWN

Gladewater, Texas, July 23—(AP)—Rain flooded streets in the east Texas towns of Gladewater, Greenville and Kilgore today. At Greenville most of its 7,800 inches of rain fell in two hours and overflowed storm sewers.

## GIVE MUCH RELIEF

Washington, July 23—(AP)—Americans have contributed privately \$36,010,000 worth of relief supplies to Germans in the U.S. occupation zone during the past three and a half years, the army reported today.

## 12 ONTARIO INFANTS DIE OF DYSENTERY

Ottawa, July 23—(AP)—Twelve infants are reported to have died and many others to have been stricken in an outbreak of dysentery in Ontario Province. All deaths confirmed so far occurred in the area of Mattawa, lumbering district in northern Ontario. Six children were reported to have died at St. Jovite, Que., but this was denied by a physician there.

## Report Russia's Harvest Prospects For 1949 Are Good

Moscow, July 23—(AP)—Soviet Russia's 1949 harvest prospects are good, the central statistical administration reported today. June rains benefited a vastly increased acreage of grain and other crops.

The statistical agency also announced industrial production was running at 101 per cent of targets boosted since the first of the year, but indicated shortages of certain agricultural, electrical and other machinery.

Livestock production also was reported up since July 1, 1948: cattle 28 per cent; pigs 79 per cent; goats and sheep 11 per cent. The number of the animals was not estimated.

**HELP MAKE FARMING SAFER**  
Farmers of the Jacksonville area and their families have opportunity during the week beginning Sunday, July 24, to help remove agriculture's reputation as the most hazardous occupation. The days of July 24-30 have been set aside as National Farm Safety Week with all agricultural groups cooperating in a mass movement against hazards which might cause accidents. Danger lurks in many farm activities, but the Illinois Agricultural Association believes that the accident rate can be split in half by individual attention to things which cause accidents.

For instance, the IAA has pointed out that falls cause about 20 per cent of all accidents on Illinois farms. Its safety experts believe many accidents can be eliminated by eliminating the causes. Farmers are urged to pick up old pieces of equipment lying around where someone might trip. The suggestion has been made that old ladders be repaired and placed correctly before using.

Agricultural Association officials say that the accident rate can be reduced by keeping children off tractors, animals and wagons. That is quite an order, because most farm children climb aboard a horse or tractor soon after they learn to walk. But safety experts insist that if the children stay off machinery and skittish horses they will have a better chance to stay out of the hospital. In 1947 about 75 children in Illinois were injured in falls, of which 11 resulted in death. Hay loaders and horses accounted for most of the deaths. Other sources of falling accidents were tractors, moving machinery, barn lofts, barn roofs, hay mowers and farm homes.

For National Farm Safety Week the following program has been outlined by the state agricultural association:

Monday—Home safety: Make rugs secure to avoid slipping. Keep matches out of children's reach. Repair broken steps. Tuesday—Livestock: Keep small children away from animals. Check and repair harnesses. Avoid close contact with bull. Wednesday—Falls: Repair unsafe ladders. Remove all pathway obstructions. Thursday—Highway Traffic: Remove trees and shrubs from driveway entrance. Use and obey proper traffic signals. Provide lights on all equipment moved after dark. Friday—Machinery: Beware of the tractor. Keep children away from machinery. Do not oil or adjust machines in motion. Saturday—Review Day: Check up hazards that might have been overlooked. Find and eliminate at least two unsafe practices.

**Wainwright Calls Pact A 'Straight Invitation To War'**

Washington, July 23.—(AP)—Gen. Jonathan M. Wainwright today termed the Atlantic pact a "straight invitation to another war."

The retired general acclaimed as the hero of Bataan made that assertion in a speech to the annual district convention of the Disabled American Veterans of which he is national commander.

"I am deeply ingrained with a sense of honor," he declared, "that our highest legislative body, the Senate of the United States, saw fit the day before yesterday to pass the Atlantic pact."

"You know as well as I do that there is a mad dog in Europe ready to swallow up any one country or 10 countries we make an alliance with. We have bound ourselves to load up a shotgun and go after that mad dog if he moves into any one of those countries."

"It just doesn't make sense to me particularly since we have so let down in our national defense."

In a later talk, the general asserted that "a strong country like this ought to be able to take care of its veterans instead of giving money to 19 piddling little countries in Europe."

**MOOSE DELAYS CENSUS TAKER**

Farmington, Me.—(AP)—A minister got a big kick—literally—out of his part time job as a Federal census taker. The Rev. Bernard B. Holland met a cow moose on the road between Rangeley and Oquossoc.

The parson leaned on his horn. The moose refused to budge. Holland put his car in second gear and tried to edge around the moose. In a muffled fashion, the moose let drive with her rear hooves, putting two deep dents in the side of the car.

Mr. Holland decided to va-moose—but fast.

**OPEN LETTER TO LANDLORDS.**

Have you ever been forced into the position of having to give up an executive position, just because you cannot find a place for yourself, wife, and nine-year-old daughter to live?

If you haven't, you'll never know how miserable you can be, for that is our unhappy situation at present. Both my wife and I have exhausted every possibility, but with no results. Our little girl could look, too, but she is 500 miles away from her mother and daddy, for we have no place to keep her. Now, can you understand why my wife cries herself to sleep at night?

We desperately need a 4-6 room unfurnished house to rent. We would be more than willing to sign a lease. Anyone who believes in helping others, and can relieve our sorry situation, will have our heartfelt gratitude. We so need your help! Can you be of help to us? If so, please write box No. 7, Journal Courier.

**Blaze Destroys Garage, 48 Trucks**

Chicago, July 23.—(AP)—A spectacular extra-alarm fire tonight destroyed a one-story brick commercial garage, 48 trucks and 14 truck tractors.

The building, operated by the Roberts Cartage company, also contained the firm's offices, a machine shop and a tire storeroom. Fire commissioner Michael J. Corrigan estimated damage at \$200,000.

Police captain Raymond Crane said some 10,000 persons gathered to watch the blaze at 1721 W. 35th st. on the south side. Crane said the heat was so intense that paint on a firetruck across the street was blistered.

**Wadleigh Says He Spied For Russia To Stop Fascism**

Washington, July 23.—(AP)—Henry Julian Wadleigh spied for Russia because of his humanitarian zeal to stop fascism, he told the Washington Post in an interview to be published tomorrow.

But he found it a "disgusting business," said Wadleigh, the former state department economist who testified in the Alger Hiss perjury trial as to his espionage activities in 1936 and 1937. He added:

"One big regret is that I sacrificed personal integrity." Today, he said, he can be described as a "member of the non-communist left" and worried about the country's "witch-hunt hysteria."

**MOSCOW BOOMS EUCALYPTUS**

Moscow.—(AP)—Soviet forestation experts have come to the conclusion that the eucalyptus is one of the most valuable trees in the world. They have inaugurated a tremendous program for planting Soviet Georgia, which in 1934 had only a few thousand eucalyptus trees, by the beginning of 1949 already had 22 million.

It is a rapid-growing tree. Two and a half acres will yield from 20 to 25 years up to 800 cubic meters of high quality lumber. Its leaves give eucalyptus oil, important in medicine and perfumery. Furthermore, the tree is capable of drying up marshes and improving wet ground.

**Typhoon Hits U.S. Base At Okinawa; No Reports Heard**

Tokyo, Sunday, July 24.—(AP)—A U. S. Air Force plane flew over the stormy Pacific today in an effort to penetrate the veil of silence shrouding Okinawa since a typhoon hit the island yesterday with 126-mile-an-hour winds.

There has been no communication with the American island base since 2 p.m. yesterday (11 p.m. C.S.T., Friday). An hour earlier a weather observation plane had dived into the storm center and reported it directly over the island. It said the center, or "eye," was 40 miles in diameter.

Despite the absence of word from Okinawa, far east air force headquarters here said there was little cause for alarm. This island is struck by tropical typhoons several times a year. Precautions against loss of life and damage are routine. Even light storms usually disrupt communications temporarily by blowing down radio towers.

**Report Says Many Killed In Violent Quake In Turkey**

Istanbul, Turkey, July 23.—(AP)—Scores of persons were reported killed today in a violent earthquake in the vicinity of Izmir, Turkey's second largest port on the Aegean sea.

The quake started at 5:08 p. m. (9:08 a. m. C.S.T.) and lasted five seconds. Karaburun, at the entrance of an estuary leading to Izmir, was reported to have been the worst stricken community in the area. Telephone lines and other communications between Izmir and Karaburun were disrupted, preventing an accurate check on casualties.

More than 100 houses were reported razed at Karaburun, which has a population of 7,000.

In Izmir the shock cracked the walls of buildings, and hundreds of residents fled their homes in panic.

Wedding rings were made of iron in early Roman times.

**You Can Have Fun In N.Y. On A Small Budget**

By Hal Boyle

New York.—(AP)—So you're coming to visit New York this summer for the first time?

And your ailing rich uncle hasn't died yet and left you his money, so you have to travel on your own skinny pocketbook? And you want to know whether anybody can come here and have fun on a small budget?

Brother, at least 7,000,000 of the people who live here will tell you "Yes"—with some qualifications.

You can do it if you have a real curiosity to see and know as much as you can of this circus too big to put under canvas. But if your idea of heaven is to sipper at glittering celebrities in plush supper clubs night after night—why, better wait until your uncle dies.

The best things in New York—its wonderful window displays, its famous streets, its great stores, its history-crowded museums, its skyscrapers, its tremendous views—cost little or nothing to see. And the people, the fabulous, fabulous people of this fabulous city, they are the best show of all—and free.

**Go At The Right Time**

But there is a time to see things best. Go at the right time for each. Go out to Coney Island on a steaming Sunday and see humanity on the half shell. That is still the New York that O. Henry wrote about. And so is the Bowers and Chinatown—and the edge of Greenwich Village. It's best to see them at night, and the subway will take you to any of those places for a dime.

But let's start at the beginning. When you get off your train or bus, treat yourself to a cab ride to your hotel. If you don't know a good, clean reasonably-priced one, ask the hackie. Unless you give him the idea you're just in from Fort Knox, Kentucky, he'll steer you straight.

Even though your budget is tight you can still work it so that you eat at least once in a big-name restaurant, see a Broadway play and take in a fine concert. Timing is important in these things too.

**Prices Lower At Noon**

Go to the restaurant at lunch, the prices are usually scaled lower at mid-day—and you are just as likely to see a celebrity there. Hit the theater box offices half an hour before curtain time. At all except the top musicals or "Death of a Salesman" you'll probably be able to pick up a pair of tickets. "A Streetcar Named Desire" is now advertising good seats available for all performances, and my wife says it's the best play in town.

If you're a music lover, you can listen to some of the world's best talent at evening concerts under the stars at Lewisohn Stadium. And the prices, tax paid, range from thirty cents to \$2. Major League baseball isn't too high. Go to see the Dodgers play at night—Then you won't have to add the cost of a bottle of sunburn lotion to the price of your bleacher seat.

Don't fail to go up to the top of the Empire State Building. Take a trip through Rockefeller Center. See the Rockettes in the Radio City music hall. Ride the ferry to Staten Island and enjoy the greatest view and the longest over-water ride on the globe for a nickel. All are good buys.

**Gawking Is Finest Fun**

But walking and gawking are the finest fun if your arches are strong. Stroll through the garment district every week day at noon: Wall Street, deserted on a Saturday afternoon; and Times Square on Saturday night, the biggest country town in America.

Be blasé as you mender along ritzy Park Avenue. Don't try to rescue a lady if she appears to be choking to death in a milk coat. She's happy—and what better way can a lady die. Once I saw a lady leading a deer along there and nobody turned to look twice. Should

they helped their country capture from the Nazis during the war. About \$16,000,000 is to be divided among all men and women who served at sea—down the admiral of the fleet on down. Another \$5,000,000 will go in a lump to the R.A.F. for its share in helping to find and capture enemy ships and submarines.

The lowest ranking seaman—even the cooks and stewards and deck-swabbers—will get about \$16.80 each. That's one share. According to rank, other officers and men will get more shares. Admirals will collect \$42 each.

Of the five pinch hitters used in the recent All-Star game only Red Schoendienst of the Cardinals hit safely.

THERE IS NO SANTA CLAUS—YOU PAY THE BILLS—Uncle Sam is spending a lot of money these days—in fact, more than he's taking in. And you're the guy who's paying for it, through taxes. This map gives a breakdown of how much you and other tax-payers kicked into the federal kitty during 1948. The grand total collected for the year, \$42,302,864,000, is equivalent to the total wages of all persons working in factories and mines throughout the country.

## THE DOCTOR SAYS Lack Of Oxygen In Blood Causes 'Blue Babies'

BY EDWIN P. JORDAN, M.D.

Written for NEA Service

The common name "blue baby" is given to infants who are born with a bluish color to the skin. This bluish color, called cyanosis, is caused by lack of oxygen in the hemoglobin, or coloring matter, of the blood. In blue babies the deficiency of oxygen is the result of a malformed heart or of the large blood vessels near it. Such defective structures permit the blood from the veins, containing only a little oxygen, to mix with the oxygen-laden blood from the arteries.

There are several kinds of malformation of the heart which will permit this mixing of oxygen-containing and non-oxygen containing blood. The various kinds are too numerous and too complicated to describe in detail. But it does make a difference to the patient because some kinds can now be successfully treated by surgery and others cannot.

## Surgery Used

In one treatable form, the pasted-away between the heart and one of the large blood vessels which should normally close before birth fails to do so. This is called a patent or open ductus arteriosus. This opening can now be closed by delicate heart surgery. The operation has already been done hundreds of times with great success.

Some of the other congenital malformations of the heart can also be treated successfully by surgery, but not all of them. For this reason careful study of each case has to be conducted individually in order to make a diagnosis and decide whether or not surgery would be useful.

For the blue infant or child who cannot be successfully treated by surgery certain precautions are particularly necessary. Such children must, of course, be carefully examined and every effort must be made to avoid infection and excessive physical strain. In almost all cases the activity must be restricted in order to avoid the danger of overburdening a heart which has already been damaged.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

## THE DOCTOR ANSWERS

Question: Are there any harmful effects from taking hormones for bust development and can they be bought at a drugstore without a prescription?

Answer: There is great doubt as to whether this treatment would produce the desired results permanently. Such hormones should not be used without a prescription.

## "DESERET" IS MORMON WORD

Salt Lake City—(AP)—The unusual name "Deseret" is widely used in Utah by institutions and businesses. It comes from the Book of Mormon, in which the word deseret is the honey bee. The symbol of the state of Utah is the bee hive.

The black bear may weigh as much as 500 pounds when full grown.

## ARENZVILLE

Arenzville—Mr. and Mrs. Theodore Lovekamp and son, Carroll, have returned from a tour through Wisconsin and Illinois. They visited Mr. Lovekamp's brother-in-law, Mr. and Mrs. Herbert Weidner, in Waukegan, Wis., Lake Geneva, Starved Rock, Oconomowoc and Milwaukee.

The Luther League met Thursday evening at the home of Miss Marilyn Burrus. Plans were made to hold a picnic Aug. 14 in Jacksonville, and to send delegates to the convention in St. Louis July 28-30.

Mr. and Mrs. Charles Ham entertained at supper Thursday evening in honor of the birthday of her grandfather, Fred Becker. Those present were: Mr. Becker, Mrs. Louise Lindgren of Chicago, Miss Helen Thomas of Peoria, Mr. and Mrs. Clifford Thomas and son, Tony, and Mr. and Mrs. Charles Ham and daughter, Rena.

Mrs. Louise Lindgren of Chicago is spending the week end here with Fred Becker and other relatives.

## MARKS MOHN VALLEY

Hamburg, Germany—(AP)—The Mohn valley in Westphalia looks today as if it had been the playground of a mad giant. Ten-ton boulders are heaped as if left after an Olympian game of marbles.

In 1943 the valley had what is believed to be the biggest man-made flood in history. May 16 British bombers breached the Mohn dam.

Most of the houses swept away have been rebuilt. Their bright newness contrasts with the rusting metal of destroyed factories.

Even today it is not known exactly how many people died in the flood. But those who worked there after the attack recall that the victims totaled between 1,700 and 1,800 dead. The dam itself was repaired by men working day and night for three months. This was a vital water source for the war industries of the Ruhr.

## Homesick Bride Swamped With Mail

Farris Island, S.C.—(AP)—Port Royal, S. C.—a sleepy little town but the second oldest in the United States—was unknown to Australians until recently. A girl who was married to a Marine sergeant in Melbourne, has changed that. When the sergeant returned to the United States for duty, she joined him, sharing his life at the Farris Island Marine base. Here she became homesick. She sent an advertisement to the Melbourne "Sun," reading: "OFFER: I would be happy to exchange with some 50-50 reader U. S. papers and magazines for a few copies of the Sun, Woman's Day, and other illustrated papers for women—Mrs. E. Mayhue (Box 132, Port Royal, S. C., U. S. A.)."

Within the week Mrs. Eileen Mayhue and her husband went to the Port Royal Post Office and Mrs. Emily K. Bishop, postmistress, presented them with nine mail sacks

heaped to overflowing with the magazines and newspapers. Eileen has already answered 75 letters and fulfilled 35 requests for publications but Mayhue is finding the financial outlay prohibitive for a staff sergeant in the Marine Corps.

## BREEDS HORNLESS COWS

Webster City, Iowa—(AP)—E. C. Clever, vocational agriculture instructor in the Webster City schools, has gained nationwide attention for his work with hornless cattle. Clever spent more than four years developing a herd of Guernsey cattle which are hornless. He was named a director of the recently-formed National Polled Cattle Promotion club. He now has a herd of 16 polled cattle, all descendants of his original stock.

## Governor Signs Bill Granting \$50,000 To Jacksonville Airport

State aid totaling \$3,278,000 will be distributed to 35 Illinois airports in the next two years, including \$50,000 for the Jacksonville municipal airport north of this city. The money is provided in a bill signed into law Friday by Governor Stevenson.

The money from the state will be used to further develop the airport, where grading work and construction of runways has been done.

A hanger for planes and a tool shop have been built at the airport. O'Hare Field, Chicago International airport, gets \$1,300,000 of the sum provided by the state and the remaining \$1,978,000 goes to 34 downstate fields. The money is to match federal and local funds anticipated or already available for airport building, planning or improvements.

The governor also signed a \$200,000 appropriation for flood control improvements along the old Illinois and Michigan canal. The bill gives

One group Cotton frocks values to \$14.95. Now \$7.00

## District Layman's League To Hold Fish Fry July 31

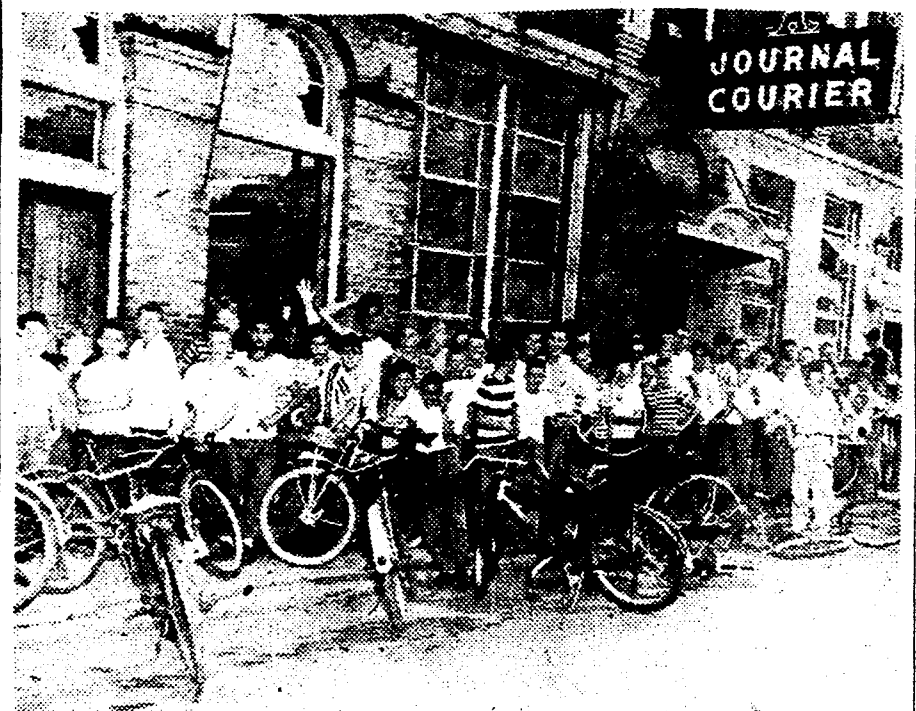

The west central Illinois district of the Layman's League will hold a fish fry Sunday, July 31, at King park in Pittsfield.

Ministers and their families from all of the Christian churches in the district will attend, as will members of their congregations. A large number of persons from Central Christian church and Christian churches in the surrounding area also plan to be present for the occasion.

Serving will begin at 6 p. m. There will also be ball games, horse shoes, swimming and other recreational activities.

Fred Shultis of Chapin is president of the district.

## They're Going To The Game

Jacksonville boys were out bright and early Saturday morning to register for the trip to St. Louis on Aug. 4, when they will be guests at the Cardinal and Boston Brave baseball game. Registration began at 9 a. m. at the Journal Courier building, in charge of the Junior Chamber of Commerce, sponsor of the excursion. Upper photo shows a section of the crowd gathering to register. Lower photo shows officials of the trip registering Richard Pessina, who stood in line from 6 a. m. Left to right are W. H. DeShara of the Journal Courier; John Bellatti and William Fanning of the Junior Chamber of Commerce. Bellatti is handing young Pessina his ticket to the game.

## Former Hillview Girl, Rhode Island Man Are Married

White Hall—Mr. and Mrs. Lloyd Cox of Hillview announce the marriage of their daughter, Doris, to Richard Anterni of Woonsocket, R. I.

The ceremony was performed July 11 in the West Presbyterian church of St. Louis by the pastor, Dr. Lampe. The couple was attended by Miss Ruth Eckart and James Matthews, both of St. Louis.

The bride was graduated from the White Hall school with the class of 1942 and for the past three and a half years has been employed in the office of Magner Electric company, St. Louis.

The bridegroom is a veteran of World War II.

Following the ceremony the couple left for a wedding trip to Niagara Falls, and other eastern points. They will reside in Providence, R. I., where the bridegroom is employed.

### STUDENTS BAG TWO TERRORISTS

Johore Bahru, Malaya—(P)—Six new officers of the Malaya Regiment went out on patrol as part of a jungle warfare course at the British Far East Land Forces training course at Tampoi. They lay in ambush, as the instructors told them to do.

Suddenly, three armed and uniformed Communist terrorists walked into the ambush. It was not part of the training. The patrol set up a rapid fire, killing two.

## Line Starts Forming At 6 A. M. To Sign Up For Trip To Ball Game

When registration for the Jacksonville Junior Chamber of Commerce baseball trip to Sportsman's Park, St. Louis, August 4, started Saturday morning at the Jacksonville Journal Courier office a line of more than 100 boys and girls had formed in South West street.

The line started forming at 6 a. m., when Richard Pessina, 2221½ West State street put in an appearance. One half hour later, Herbie Watson, 585 E. Independence ave., arrived, to be followed one minute later by Robert Davis, 805 Hackett ave.

From that time on the line increased in length each minute.

Promptly at 9 o'clock those in charge of registration began the task of passing out tickets to the boys and girls.

John Bellatti and William Fanning of the Jay-Cees had charge of the registration, assisted by Walter H. Deshara.

### 100 Register Rapidly

More than 100 youngsters were registered during the first 15 minutes. The remainder of the morning registrations continued at a snail's pace. By noon approximately 150 children had registered and secured their tickets to the game which will be between the St. Louis Cardinals and the Boston Braves. At that time only 25 tickets remained to be passed out as the management of the Red Birds has limited the number of tickets to 175.

All tickets were disposed of by 3 o'clock Saturday afternoon.

The children will be transported to St. Louis in automobiles furnished by members of the Junior Chamber of Commerce and citizens of this community.

### More Automobiles Needed

Only 12 automobiles had been registered up to 5 p. m. Saturday. Norbert Schindler, chairman of the baseball trip urges citizens to furnish automobiles. Anyone wishing to donate a car can call the Journal Courier office and register.

All children making the trip will be required to furnish their own lunch. Eats and drinks can be purchased at the park, but children will be required to take enough money

### LAND IS FASTER

## Memo to Plymouth Salesmen

Value-wise buying makes a sweet set-up for you—

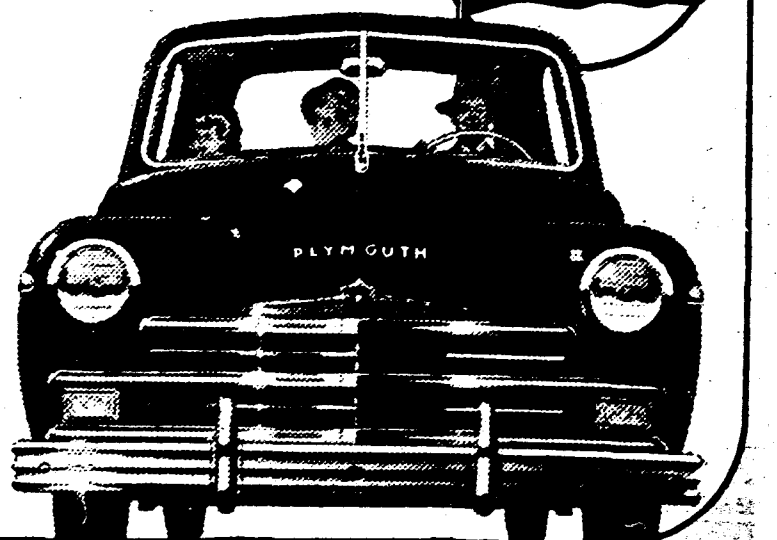

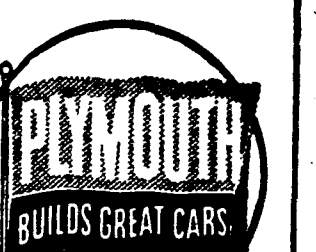

## You sell the car that likes to be compared!

In the new car market today, the accent is on value. This makes a sweet setup for Plymouth salesmen... for you have the great new car built to compete—dollar for dollar—with any car at any price!

Ask your prospective customers to look at all three of the leading low-priced cars—or even at cars costing hundreds of dollars more. Ask them to compare—wheelbase, compression ratio, braking action,

engine life, riding comfort, interior beauty, ease of handling, cost of upkeep—everything!

But just looking at a car isn't enough. The best way to judge a new car is by its performance on the road. Urge your prospects to drive "all three." Ask them to put Plymouth performance up against any car selling at anything like the same price. When you do this—the new Plymouth does all right!

Mrs. Jack Hartong continued her string of victories to defeat Mrs. Kenneth Chenoweth in the finals of the handicap tournament of the Jacksonville Country Club women golfers this week. The match was postponed because of Wednesday's rain which prevented the playing of the women's golf event.

Mrs. Chenoweth could not match Mrs. Hartong's consistent playing but while three down at the end of the first nine was able to carry the match to the final holes before conceding defeat. Both finalists exhibited the excellent golf that they had previously played in defeating earlier round opponents.

Mrs. Robert Fay, a newcomer to the game, won third place by default of Mrs. William Andris.

Pairings for Wednesday, July 27, IWGA—Victory Tournament, are as follows:

18 hole class—Mrs. Herbert Keady, Mrs. William Swift and Mrs. Ford Jackson. Mrs. Sam Baker, Miss Nancy Munk and Mrs. Arthur French. Mrs. Bernard Ferry, Mrs. Wayne Wood and Mrs. Sam Pinzon. Mrs. James Bunch, Mrs. Frank Goin and Mrs. Reginald Norris.

**Mrs. Schumann  
Of Carrollton  
Dies Saturday**

Carrollton—Mrs. Theresa Schumann, widow of the late Julius Schumann, died Saturday at 10 a. m. at her home in this city.

She was born in Germany, July 6, 1868, and moved to Carrollton in 1885. Her husband preceded her in death in 1926.

Mrs. Schumann was a charter member of the Royal Neighbor lodge. She is survived by two sons, Robert of Chicago and Edward of Carrollton; one sister, Mrs. Margaret Bay of Wisconsin.

The remains are at the Mehl & Son Funeral Home.

Funeral services have been set tentatively for Thursday morning at St. John's church, with Rev. Father Michael Enright officiating. Burial will be made in St. John's cemetery.

**"Y" Swimming  
Program To Be  
Ended Friday**

With the Y.M.C.A. swimming program moving into its final week, youngsters enrolled in the various classes are urged to be present for each session.

During the coming week, the tests will be given. Without passing the tests, the youngsters cannot complete the courses.

The advanced classes, in which intermediate swimming and junior and senior life saving are taught, have been in progress daily for the past two weeks. They will end on Friday, July 29.

This will mark the conclusion of the 1949 swimming program, which has been sponsored by the "Y", in cooperation with the city, which furnished the pool, and the Red Cross, which provided the instructors.

**POLES GET RED FARM INSTRUCTION**  
Warsaw, Poland—(P)—Four hundred Polish peasants, including 153 women, have just come back from Soviet Russia where they received firsthand instruction in collectivization of farms.

These Poles are expected to spearhead much of the Communist "persuasion" campaign to sell socialization of farm output to Poland's 15,000,000 nationalistic and individualistic peasants. About one percent of Poland's farms are expected to be participating in a collectivization scheme by the end of 1949.

# Mardell McAllister Weds James Donham

## Couple Pledge Vows In Rites At Meredosia

The marriage of Miss Mardell McAllister, daughter of Mr. and Mrs. Ray McAllister of Meredosia, and James R. Donham, son of Mr. and Mrs. Paul Donham of Rosiclare, was solemnized in a candlelight ceremony performed July 17 by Rev. H.

Wenemark at St. John's Lutheran church in Meredosia.

MR. AND MRS. JAMES DONHAM

Proceeding the ceremony, Mrs. Howard Edlen played a medley of organ selections and accompanied Mrs. Carl Breckon who sang "I Love You Truly" and "Because." The bride, given in marriage by her father, was attired in a gown of white slipper satin, fashioned with a marquette yoke, Bertha neckline, fitted bodice and hoop skirt with a flounce of Chantilly lace. The fingertip veil of illusion tulle was held in place with a band of orange blossoms. She carried an arm bouquet of white gladioli and wore a single strand of pearls. The matron of honor was Mrs. An-

thony Harrison, sister of the bridegroom. Her gown was of blue dotted marquette. She carried a bouquet of pastel carnations and wore a headress of blue tulle.

Miss Garnett Chrisman, bridesmaid, wore a gown of yellow crepe with yellow headress and a bouquet of yellow carnations. The flower girl, Kathryn Harrison, niece of the bridegroom, was gowned in pink organdy. Miss Joyce Vortman and Miss Louise Pahlman, cousins of the bride, wore identical gowns of orchid organdy.

Byron McAllister, brother of the bride, was best man. The groomsmen were Anthony Harrison, Kenneth Lacey and Everett Neese were ushers.

A reception was held in the parish hall, with approximately 100 guests in attendance. The couple then left on a wedding trip, after which they will reside in Meredosia.

The bride is a graduate of Meredosia High school and has been employed by the Bunn Capitol Grocery company of this city.

Her husband, a graduate of Rosiclare High school, is employed at the C.I.P.S. power plant in Meredosia.

## Woodson Legion, Auxiliary To Hold Picnic Wednesday

The annual picnic sponsored by the Woodson American Legion and Auxiliary will take place in Woodson Wednesday afternoon and evening, July 27.

Plans are under way to make this year's event the best ever staged by the Woodson Legionnaires. William T. Casey is the general chairman. He is being assisted by members of the Legion and Auxiliary.

A number of stands and concessions will be erected on the grounds of the Woodson school, where the picnic will be held.

Dancing, both square and round, will be enjoyed from 9 to 12 p. m. An orchestra from White Hall has been engaged to provide music. Callers will be on hand for the square dances.

Another entertainment feature will be the appearance of Skeets and Frankie, well-known radio team from St. Louis.

A large attendance is anticipated. The public is invited.

## Two More Polio Cases In City; Total Now Five

Two more cases of poliomyelitis have been reported to the Morgan County Health Department, according to announcement made Saturday by Dr. Frank E. McCord, city health officer.

This brings the total number of cases to five. All are residents of this city.

In one family, there are three cases. Carl R. Roberts, Sr., 1620 Chilton avenue, and his two children, Patty, 9, and Carl, Jr., 3.

All three are at St. John's hospital in Springfield. They are not believed seriously ill, although Dr. McCord stated that it is too early to make a complete diagnosis.

Also at St. John's hospital is Doris Holt, 9 years old, of 316 Lorton street. The other case is Eddie Antle, 224 South Mauvaisterre.

## Coroner's Jury Finds New Slab Dangerous, Requests State Action

A Morgan county coroner's jury Saturday requested the Illinois Division of Highways to survey a portion of the new slab on U.S. Route 36 east of Arnold "to eliminate a hazard which exists there."

The jurors, who heard testimony in the inquest into the death of Russell Akin, 63 year old Pittsfield man, wrote the department that "we understand as many as 15 accidents have already occurred there." The letter urged that suitable warning signs be placed until such time as the situation is corrected.

Mr. Akin, chairman of the Pike county Democratic committee, died at Our Saviour's hospital early Thursday morning from shock, severe chest injuries and cerebral concussion suffered when an eastbound Ford car driven by Don Irving of Chambersburg collided with a westbound Studebaker driven by Will Martin of Champaign about 300 yards west of the end of the new pavement. Aiken was riding with Irving.

No witnesses of the actual crash were heard at the inquest, which was held by Coroner C. H. Muehlhausen at 10 a. m. Saturday at the Gillham Funeral Home. A statement from Mr. Martin was read.

Crash Scene Described Three early arrivals at the scene told the jurors that the accident occurred on the north half of the pavement, which runs east and west. These witnesses were Russell Day, route 2, New Berlin; John McCullough of the McCullough Funeral Home, New Berlin, and Sheriff Ralph Bourn.

All three said they found both cars on the north side of the pavement, with only the left rear wheel of the Studebaker remaining on the slab.

The sheriff reported skidmarks, 85 yards in length, led to the Ford car, and that the skidmarks 28 yards long led to the Studebaker.

Leaves Scene Suddenly The first witness, Mr. Day, said a black Buick sedan bearing an Oklahoma license plate was parked on the south side of the slab when he approached the wreck. The driver stayed there for a few moments, but left without leaving his name. Day said he felt that the accident occurred while Irving was attempting to pass a red semi-trailer truck which continued eastward.

McCullough, driving his ambulance, was returning to New Berlin. Martin was bleeding profusely and appeared to be the most seriously injured. McCullough said, so he was taken immediately to Passavant hospital. Irving and Aiken were taken to Our Saviour's hospital in the Cooney ambulance.

Statements Read In his statement to Coroner

Muehlhausen, Martin said the Ford was attempting to pass a red truck. Martin estimated his speed at 50 miles an hour and that of the Ford as considerably faster. Martin was unable to avoid the accident by taking the shoulder, the statement continued, because of a construction sign planted there.

A statement prepared by the victim's attending physician, Dr. Reginald M. Norris, was also read by Inquest Stenographer Nancy Schindler.

The jurors were Houston Cowgour, foreman, Bill Ranson, Earl Grojean, Roy Hapke, Fred Drake and Floyd Hartle.

Attorneys Orville N. Foreman of Jacksonville and Winthrop Anderson of Pittsfield attended the hearing.

## Local Girl Engaged To Carrollton Man

Carrollton—Invitations have been issued to the wedding of Miss Patricia Ann Tuscher of Jacksonville to Charles Albert Hartman of this city. The wedding will take place August 4, 1949, at 9 a. m. in the Church of Our Saviour, Jacksonville.

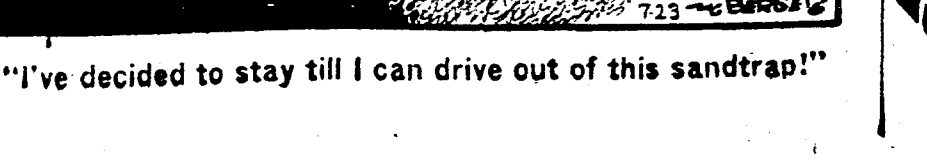

A reception honoring the couple will be given between the hours of three and five in the afternoon at the home of Hartman's parents, Mr. and Mrs. Frank Hartman.

Miss Tuscher is the daughter of Mr. and Mrs. Fred Tuscher of Bluffs and is a graduate of Our Saviour's Hospital School of Nursing, where she is now employed. Hartman is employed as a salesman by the Steinacher Bros. Garage and Implement Company in Kampsville.

MARRIAGE LICENSE Theodore Carl Vieweg of Hammond, Ind., and Ann Ruth Roegge of Jacksonville.

Cass Michaels broke in with the Chicago White Sox at the age of 17 in 1943. The next year he hit 356 for Little Rock and returned to Chicago.

## Many Veterans Are Eligible For Medical Service

Many Illinois veterans being treated regularly by their own physicians for service-connected ailments at their own expense are unaware that they are entitled to such treatments at government expense.

This benefit applies to only those veterans who have filed a claim and have been granted service-connection for a disability even though they did not receive a compensable rating for compensation.

A large number of veterans have been granted a "zero" rating making them ineligible to receive compensation but entitling them to outpatient treatment at government expense.

Veterans who have no compensable rating but have established service-connection and who desire medical treatment at other than their own expense should make application at once and thus save unnecessary expenses to themselves.

Service officers of the Illinois Veterans commission will assist any veteran in establishing eligibility for outpatient treatment. In some instances those who have been treating for some time may even be able to obtain a reimbursement for expenses already incurred.

Veterans in Morgan and Scott counties can obtain ready assistance at the commission office at 6-7 Morrison Block, in Jacksonville.

## To Hold Services For Jerseyville Woman Monday

Jerseyville—Funeral services for Miss Louise Bertman, 80 of Jerseyville will be held at the Church of the Holy Ghost in Jerseyville at 9:30 a. m. Monday. Solemn requiem high Mass will be celebrated, with Monsignor A. J. Bertman of Springfield, nephew of the deceased, as celebrant; Rev. John C. Bertman of Litchfield, another nephew, as deacon, and Rev. P. P. Hienen of Jerseyville, as sub-deacon. Interment will be in St. Francis Xavier's cemetery.

The deceased was born Feb. 2, 1869 at Newport, Kentucky, the daughter of Henry Bertman and Anna Theodora Dienstlage Bertman, but has spent the greater part of her life in Jersey County.

CHILDREN'S DAY PROGRAM The Ebenezer W.S.C.S. will hold its annual children's day program Thursday at 2:30 p. m. at Nichols park. All mothers and children of the community are invited. In the event of rain, the program will be held in the church.

## Sell Four Houses At Series Of Auctions

Four residential properties, two in this city and two in Concord, moved into new ownership at a series of public auctions Saturday morning at the court house. Each sale attracted a large crowd of prospective purchasers and spectators.

A master-in-chancery sale of a three room house and lot at 915 North Prairie street was held at 10 a. m., the property selling to Merle Nergenah of Chapin for \$4,475. Eight bidders joined in the competition for this property, the former Charles Smith home.

The auction was conducted by Master-In-Chancery John B. Wright with Middendorf Brothers as auctioneers. Vaughn, Robinson & Freeman are attorneys for the estate.

This sale was followed by a trustee's sale of two houses and four lots at Concord, belonging to the estate of Samuel Newton. A five room house and two lots was purchased by Randolph Ball on a bid of \$800, after which a six room house and two lots sold to Raymond Owens for \$1,025.

Merle Beddingfield was auctioneer of the sale. Frank N. Willard is trustee and Wilson & Wright are attorneys for the estate.

At 11 a. m. the seven room modern house at 520 South Clay avenue, opposite the Franklin grade school, was offered by R. P. and Margaret Clemens, owners, and sold to William True for \$4,550. Middendorf Brothers were auctioneers, and Edward J. Flynn is attorney for the owners.

## What It Means More Jobs For U. S. Women

**By Clarke Beach**  
Washington — Employment for women is increasing while male employment is dropping.  
The number of employed U. S. women increased from 16,602,000 in May 1948 to 17,173,000 in May this year. But in the same period the number of men at work dropped from 42,058,000 to 41,521,000.  
These are Census Bureau figures as analyzed and reported by the Women's Bureau of the Labor Department.  
Unemployment is hitting both sexes alike. The number of women and men seeking work rose almost 100 per cent for each sex. This is all a continuation of a long trend. Since the turn of the century, and earlier, the number of women working and seeking work has been on the increase. In the present period of unemployment, the trend has been accentuated.  
Take the figures on the total labor force—the total of men and women both working and seeking work. The nation's labor force increased from 60,222,000 in May 1948 to 61,983,000 in May 1949.  
Among men the increase in that period was only 1.4 per cent. Among women the increase was 5.5 per cent. Women constituted only 18 per cent of the total labor force in 1900. They were 29 per cent of the labor force last May. Twenty per cent of women of 14 and older were gainfully employed in May 1949. Yet 87 per cent of adult males were employed in 1900. The drop has been

## AEC Expands Line Of Hot Atoms For Scientific Study

Oak Ridge, Tenn., July 23—(P)—The atomic energy commission today expanded its line of hot atoms to include their use in scientific research — including the cancer fight.  
Hot atoms are radioactive isotopes—atoms that emit rays as radium does.  
They can be used as "tracer" materials to study general science, medicine, industry and agriculture. Some can also be used in diagnosis and treatment of certain diseases.  
The new step announced by the AEC is a program for distributing to the nation's research men isotopes that are produced by cyclotrons, or "atom-smashing" machines.  
The AEC will not produce the cyclotron-type isotopes itself. It will rent "cyclotron time" from various institutions operating such machines.  
Initial plans call for the distribution of certain isotopes of beryllium, sodium, iron, zinc, arsenic and iodine.  
**PLANS ACHIEVEMENT DAY**  
The Franklin Girls 4-H club will hold its achievement day Wednesday at 2 p. m. at the Franklin high school.  
Refreshments will be served. The public is cordially invited.

Bennett loops shock cord over "trigger" wedged in strut.

"Slingshot" is all set, with plane as its "missile."

## "SLINGSHOT" LAUNCHES HIS PLANE

After seeing his 10-year-old son shoot a paper wad with a rubber band, Alfred B. Bennett, veteran air pilot, thought he could use the same principle to shoot his plane into the air without a long take-off run. So, in the back yard of his Katonah, N. Y., home, he attaches two long rubber shock cords to his plane's landing wheel struts. Loops at the other ends are attached to the rear bumper of his car, which is used to stretch the cords taut. These ends are then slipped over holding stakes. Bennett then boards his plane and revs up the motor. When he's all set his son Alfred and 8-year-old daughter Betty Lee yank the shocks from under the wheels and wham!—the "slingshot" whips his plane aloft.

## Report Chinese Peasants Are Still Fighting Commies

Nanking, July 23—(P)—Reliable reports reaching this communist-held city say rebellious peasants in Manchuria — heartland of Red China — are committing sabotage and carrying on guerrilla warfare.  
Responsible Chinese sources report the peasants have blown up bridges, destroyed railway roadbeds and committed industrial sabotage.  
Isolated patrols of communist soldiers are said to have been attacked.  
The scale of the peasant unrest cannot be determined, but high communist officials are quoted as terming it "serious." They attribute it to bandits and nationalist agents.  
The communists have held much of Manchuria since 1945 and all of it since last December. They regard it as the key base for their program of modernizing all China.  
Fuller details of peasant unrest in North China now have reached here. Travelers say revolts also have occurred in Shensi and Honan provinces.

## Legal Counsel Of U. Of I. Resigns

Champaign, Ill., July 23—(P)—Norval D. Hodges, University of Illinois assistant legal counsel, resigned today to become vice president and general manager of a new insurance company.  
He is one of five stockholders in the Illinois Management Company, Inc., which will manage the Illinois Insurance association.  
Another one of the stockholders and organizers is State Sen. E. R. Peters (R-St. Joseph), who will be a director. The association will issue all types of policies on vehicles.  
Hodges was secretary of the Broyles commission which reported to the 1949 Legislature on subversive activities. He also represented the University at Springfield during legislative sessions.

### TO MEET FRIDAY

Salem Methodist W. S. C. S. will meet Friday at 2:30 p. m. at the church, with Mrs. Lora Braner as hostess. Members are asked to note change of time and place.

## Widow Recluse Is Robbed Of \$22,000

Denver, Colo., July 23—(P)—An aged widow who has lived for ten years as a recluse in the railroad shops district of West Denver told police today she had been robbed of \$22,000 in hundred dollar bills.  
The woman, Mrs. Katherine Krieger, 79, said a man awakened her about 1:30 a. m. by striking her in the face, held a flashlight in her eyes and said:  
"Don't move or I'll kill you. Where is the money?"  
She gave him a purse containing \$7, she said, but he rummaged behind a dresser and found a black handbag containing the \$22,000, then fled after locking the bedroom door.

## Rides The Waves In Sears Bathtub

Carlstadt, N. J., July 23—(P)—A 61-year-old former speedboat builder chugs happily along the Hackensack river these hot days—in a bathtub.  
Emil Meyer, its owner, driver and designer, said the tub is one which Sears, Roebuck and Co. gave away 50 years ago to anyone who sold \$10 worth of the firm's soap.  
The galvanized tin tub in mounted on two boards supported by two balsa pontoons. It is powered by a 21 horsepower outboard motor. The board supporting the outboard supports the usual faucets.  
The "special" goes no faster than a rowed boat. The pontoons keep the tub steady and steerable. The navigator-bather must sort of squat in the tub or else use a slanting board as a seat.

### 600 ATTEND PICNIC

An estimated crowd of 600 attended the Exeter picnic held Thursday, July 21. Sponsored by the W. S. C. S. of the Methodist church, the picnic is said to have been a success. Entertainment was provided after the meal.

### HOTEL EXECUTIVE DIES

Chicago, July 23—(P)—Maurice Rothchild, 81, chairman of the Albert Pick company, Chicago hotel and restaurant supply firm, died today of a heart ailment. He was well known in Chicago industrial, financial and charitable circles.

## Report 195 People In State Have Been Stricken By Polio

Chicago, July 23—(P)—One case of polio in Cook county and two downstate were reported today, boosting the Illinois total for the year to 195.  
Two-thirds of the victims have been stricken since July 1.  
Four persons have died of the disease.  
Reports from state and local authorities showed 146 cases downstate and 49 in Cook county.  
Two cases were reported today at Chanute Air Base, bringing the total in the Champaign-Urbana area to 12.  
The victims are Pfc. David A. Windish, 19, Marvel, Ark. and Pfc. William C. Lawrence, 19, Norwich, N. Y.  
In Forest Park, Ill., an 8-year-old boy was stricken.  
The State Health Department estimates that infantile paralysis will strike 2,200 persons in Illinois during 1949. Polio usually reaches its peak during the hot summer months.  
Highest concentration of cases is in the Centralia area, where 30 cases are on record.

## Last 2 Children Of Brigham Young Attend R. R. Fair

Chicago, July 23—(P)—Two spry little old ladies sashayed into town yesterday to take in the railroad fair.  
They are the only surviving children of Brigham Young, Mormon pioneer who wed 19 women and fathered 56 children while making a home for his people in the Utah wilderness a century or so ago.  
The Chicago visitors were Mrs. Fannie Clayton, 79, 56th of the Young progeny, born when her father was 70 and her mother 28; and Mrs. Mabel Sanborn, 86, Young's 54th child.  
Both are widows, movie fans, and enthusiastic travelers. They came to the railroad fair as guests of the Denver and Rio Grande railroad, which will have a "Rio Grande Day" at the fair Sunday.

## How Slum Clearance Is Planned For U. S.

**By SIGRID ARNE**  
**(P) Newsfeatures Writer**  
Washington—For the first time in our history we appear to be ready for a nationwide attack on our slums.  
Both Senate and House have approved a billion-dollar plan for the next five years. It should make a start on tearing down the "blighted areas" in which a fifth of our city dwellers live. That estimate of our slum families is made by the House Banking and Currency committee.  
The plan to take care of these slum families is two-fold, part of the general housing bill which is one of the king-pins of the Truman program.  
The first part of the plan would clear out the slums and prepare the area for some new use. The second part would help cities to put up new low-rent homes.  
This is how the plan is supposed to work if it wins final approval:  
1. Cities that want federal help must set up local housing authorities.  
2. They can ask for a small temporary loan to figure out what slums to clear, and how.  
3. Next the local housing authority can buy up the land, wreck the old buildings and prepare lots for sale.  
4. The land can be sold either to private investors or to some other agency of the local government. There are no strings on its new use. For example, either factories or low-rent housing could be put up there. Or the area could be turned into a public park if the adjoining residence streets need an open space.  
5. Then here's where the federal government steps in to help.  
It's assumed that the cost of buying up such areas and clearing them will be greater than the price for which the cleared land can be sold. Under the new housing act the federal government can make up two-thirds of that loss if the local authorities absorb the other third.  
Money for such projects would be released in annual sums, with just

## Argument Over \$5 Loan From Woman Provokes Melee

New York, July 23—(P)—An argument early today over whether a man should borrow money from a woman had this chain of consequences:  
A rifle was fired but no one was hit; a man leaped from a window and was seriously hurt; another man fell into the East river, and later was booked on felonious assault charges.  
Police gave this account:

William Sarich, 37-year-old cab driver, approached a party in a second-story restaurant and borrowed \$5 from Martha Kelly Jackson, 40, William Levadas, 31, and another man present, objected, saying a man shouldn't borrow from a woman.  
**Fell Into East River**  
The argument hit a climax when Sarich produced a rifle and fired at Levadas, who, unhit, leaped from a window to the ground, suffering a possible broken neck.  
Police later picked up Sarich, who said he had thrown the rifle in the East river. Taken there to help police search for it, he fell in. Dragged out by police, he was taken to a station house and booked on assault charges.  
Police didn't find the rifle.

## Your Red Blood Corpuscles Are Like Community

**BY HOWARD W. GLAKESLEE**  
Associated Press Science Editor  
Montreal—Your red blood corpuscles are like a community of people. They are made up of individuals, ranging from newly born to old age. While not all survive to a ripe old age, they tend to a fairly uniform life-span of four months.  
The things that affect their life span and their work are under study at McGill University's department of biochemistry. The purpose is to improve blood bank preservation. The work is in charge of Dr. Orville F. Denstedt, who was one of Canada's wartime blood-storage experts.  
In health nearly one per cent of your red cells die each day. They are quickly discarded and replaced with newcomers born at the astounding rate of about 10 billion each hour. In cold storage, in a blood bank, the death rate of these cells is about one per cent per day.  
But the bank doesn't get rid of them like your body. When bled, blood is given by transfusion, the defunct corpuscles are quickly thrown out, all except the iron in the blood, and either stores it in the liver, or sends it immediately to the bone marrow to manufacture fresh hemoglobin, the red stuff, for newly formed corpuscles.  
How long a red corpuscle lives depends on several conditions. One is the efficiency of its internal chemical processes. Although it takes a microscope to see a single corpuscle, each one is an elaborate chemical plant. The machinery of this little plant is enzymes. Some enzymes enable the corpuscle to use sugar and other foods. Other enzymes help it to get oxygen and to rid itself of carbon dioxide. The preservation of the corpuscles in blood banks is to a large extent a matter of keeping these enzyme systems working.

## Civilian Usage Of Atomic Power Not Likely Very Soon

Los Angeles, July 23—(P)—It will be 10 to 20 years before useful civilian applications of atomic power can be expected, Right now Canada is ahead in that field.  
Dr. Lawrence R. Hafstad, director of reactor development for the U. S. Atomic Energy Commission, is authoritatively for the remarks, made last night before the Institute of Aeronautical Sciences.  
Canada has the world's most advanced atomic reactor, a device for the controlled release of atomic energy and the basis of any civilian atomic development, Dr. Hafstad said.  
The Atomic Energy Commission says the Canadian plant is located at Chalk River, Ontario, and works faster than any of ours. It is designed to produce isotopes (radioactive materials) for research and also to test the action of atomic radiations on various materials.

### VICHY TRIALS COMPLETED

Paris—(P)—France's high court of justice, created to punish crimes of war-time Vichy officials, has completed its work after handling 58 cases in four years. It had only three men executed: Premier Pierre Laval, Milieu Chief Joseph Darnand and Envoy to Germany Fernand de Brinon.  
There were 15 other death sentences, including one against Marshal Henri Philippe Petain, but they were not carried out. In Petain's case, the sentence was commuted to life imprisonment. In others, the condemned men could not be found.

\$25,000,000 becoming available in the year starting this July 1. The following year \$25,000,000 would be released for the job. For the next three years \$25,000,000 would be released annually.

That part of the plan just clears the land. But the city housing authority must make certain that families forced to move have some place else to go. So in most cases the local housing authorities will probably be erecting new low-rent housing as they tear down the slums.

Just how "low rent?"  
A house committee found that 19.7 per cent of city families have less than \$2,000 a year income even though business is good, 30.3 per cent less than \$2,500.

The committee agreed with the general notion that rent should take only a fifth of annual income and that basis thought "low rent" housing should cost no more than \$27 a month, including costs for light heat and gas.

Through a complicated bonding operation the federal government would make up the difference in costs for building and running such housing projects and the low rents that should be charged.

The bill asks that family income should be reviewed periodically, in such low rent projects, to make certain that the families who really need such a help get it.

## Truman Will Ask For Flexible Arms Aid For Europe

Washington, July 23—(P)—President Truman will ask congress Monday for a highly flexible program of arms aid abroad—including a \$45,000,000 fund for emergency use, and \$155,000,000 to stimulate armament production in Europe.  
The President's proposals, totaling \$1,450,000,000 for armaments of the cold war front all over the world will cover several kinds of aid, it was learned today.

European partners in the Atlantic security treaty would get the bulk of it to strengthen them against Red aggression.

Mr. Truman hopes to win Senate and House approval for a program which would not nail him down now to deliver to any particular country during the next 12 months an exact amount of war material. In that way, administration officials believe, the President can meet more effectively conditions which are not possible now to forecast. It is proposed he be allowed to move the arm's dollars around within reasonable limits.

## File Suit To Keep Minister, Deacons Out Of Church

East St. Louis, Ill., July 23—(P)—A dispute between a preacher and three members of his congregation has landed in court.  
Three members of the Full Gospel Tabernacle of the Assembly of God Church filed suit yesterday to keep the Rev. A. A. Anderson and six of the deacons out of the church building.  
A majority of the members voted June 27 to break away from the national and state councils of the church and form an independent body. Charles W. Hook, secretary of the church, said "they tried to tell us what we could and couldn't do."  
Earl E. Cottingham, the only deacon who opposed the secession, and two other members filed the suit, claiming the minister and the six deacons broke away from the church and therefore have no right to its property.

## Willie Pep Under Knife, Postpone Title Fight

### Pepsi Cola Nine Outscores Moose Juniors 7 To 4

The Pepsi Cola "B" league softball representatives had a battle on their hands before they finally defeated the Moose Juniors 7-4 at the Southside park Saturday night.

The game was scheduled in order that the Moose youngsters might have a crack at some stiff competition before journeying to Decatur Thursday evening where they'll compete in the junior state softball tournament.

The two teams battled in a scoreless deadlock for the first three innings. Wessler, starting Moose twirler, weakened in the fourth chapter and allowed a pair of Pepsi runs to score. The youngsters permitted only one safety in this inning, but walked a number of Pepsi would-be sluggers.

The winners tallied two more counters in the fifth frame, added a single marker in the sixth and scored their final brace of runs in the seventh. The Moose kid softballers scored a single run in the fourth and two in the fifth.

Both teams committed a total of four errors in the field. Reynolds relieved Wessler for the Moose in the fifth inning. Turner went the entire seven-inning route for the Pepsi Cola winners.

Inasmuch as the two clubs have been playing in entirely different leagues and the Pepsi club is represented by older boys, the Moose youngsters can be credited with a moral victory.

In the preliminary, the Exchange Club Juniors outlasted the Rogerson Coal youngsters 12-4 in a five-inning struggle.

Reg. Kemp teed the slab for the winner's while Beasley went all the way for Rogerson.

### CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 23.—(P)—Selling in range from \$16.25 to \$22.50, hogs were nominally steady today. Cattle also were quoted steady. There were no sheep for sale.

A two-way market developed in hogs this week, although the bulk of offerings advanced and the week's top, made at \$23.50 on Monday, was also the high for the year. Light weight butchers sank 25 to 50 cents, but heavier weights gained 25 cents and sows jumped \$1 to \$1.50.

More grass and short-fed cattle arrived this week, starting a seasonal expansion in receipts of this type. Prices were weak to \$1 lower but the grain fed steers and heifers which still comprised most of the run, closed steady to 50 cents higher. The top was \$28.50 compared with \$41 a year ago.

A drop of 1 to \$2 sent new and old crop lambs to new low seasonal prices this week. Spring lambs ended at \$23.50 to \$24.50 for good and choice offerings.

### FLOUR BUYING GIVES SUPPORT TO WHEAT; OTHER GRAINS FIRM

Chicago, July 23.—(P)—Flour buying in the northwest gave support to wheat futures on the Board of Trade today. Mill brokers took to the buying side and advanced prices about a cent. Other grains held to a firm course without making any substantial gains.

Brokers said the flour buying came from the rank and file bakery trade and was for delivery on and after September 6. Wheat at Minneapolis showed a greater response to the flour buying than wheat here. There were no estimates available on the amount of flour bought.

Wheat closed 1-21 higher, September 2-05; corn was unchanged to 1 cent higher, September 1-28; oats were a lower to 4 higher, September 65-1/4; rye was 1-13 higher, September 1-56; soybeans were 2 to 2-1/2 higher, November 2-24-1/2; and lard was 5 to 12 cents a hundred pounds higher, September 11-37. Estimated receipts of grain in carlots today: Wheat 283; corn 95; oats 166; rye 10; barley 20 and soybeans 21.

### Markets At A Glance

CHICAGO: Wheat—Firm; flour buying by bakers. Corn—Steady; helped by wheat strength. Oats—Mixed; up with grains. Hogs—Nominally steady. Cattle—Nominally steady.

### Chicago Cash Grain

Chicago, July 23.—(P)—Wheat, No. 3 red 1.94-1.95; No. 1 hard 2.00. Corn: No. 1 yellow 1.41-1.41; No. 2, 1.41-1.42; No. 3, 1.37; No. 4, 1.38. Barley malting 1.08-1.12 nominal; feed 80-1.06 nominal. Oats: No. 1 heavy mixed 66-68; No. 1 heavy white 68-70; No. 2, 66-68.

## College All-Stars Open Training For Game With Eagles

Evansville, Ind., July 23.—(P)—Head Coach Bud Wilkinson of Oklahoma's Sugar Bowl champions began greeting college gridiron heroes of the 1948 season today as training officially opened for the annual all-star football game in Soldier Field Aug. 12.

A hand-picked squad of 68 players will tangle with the Philadelphia Eagles, champions of the National Football League, in the traditional gridiron season curtain raiser. A majority of them have signed with pro teams and will be seeing action throughout the fall.

Hopeful Of Revenge Wilkinson, a member of the 1937 all-star group after playing at Minnesota, and his staff will begin a rigorous 20-day training period at Northwestern University. They have high hopes of revenge last year's 28-0 defeat handed Frank Leahy and his all-stars by the Chicago Cardinals. The pros hold a winning edge in the series of 8-5. Two of the contests have ended in ties.

Because there is so much high-caliber talent around, Wilkinson, like all his predecessors, will find his toughest job is to select players for the first, second, third, etc., teams. He has the material for any kind of formation he wishes, single wing, double wing, the T or the so-called split T which he has made famous at Oklahoma.

Split T To Be Used The Split T, derived from the type of line spacing used, has the quarterback in a ball-carrying role when the defensive alignment presents an opportunity. It is expected to be the fundamental offensive weapon used.

Great passing, speed and running power abounds on the 1949 all-star squad. Wilkinson and his assistants—George James of Cornell, Jim Aiken of Oregon, Bobby Dodd of Georgia Tech and Bob Voigts of Northwestern—must weld it together into units.

That's not as simple as it seems. Remember the old woman in the shoe?

### Ninth-Inning Rally Nets Pirates Six Runs, 12-9 Win

Boston, July 23.—(P)—After spotting Lefty Warren Spahn and his Boston Braves teammates an early 9-4 lead, the Pittsburgh Pirates today settled down to a grim battle and pulled out a 12-9 victory with a six-run rally in the ninth.

Spahn still had a two-run margin when replaced by Nelson Potter with none out in the final frame. That right-handed fireman, who gave way to Bob Hogue, was charged with the loss.

During their winning rally, launched by Phil Masi, the recent Braves catcher, 11 Pirates went to bat. Masi and three others banded out singles, two drew bases on balls, another was struck by a Potter pitch and, with the bases loaded, Pete Reiser enabled the last two Pirates to score by dropping Stan Rojek's fly in center.

The Pirates clouted the Boston pitching trio for a total of 10 hits including Wally Westlake's 17th homer against Spahn with one on in the fourth inning.

### Bosox Clubbers Conduct Field Day At Browns Expense

St. Louis, July 23.—(P)—The Boston Red Sox had a Field day with Brownie pitching today as they clubbed out 19 hits for a 16 to 5 rout of St. Louis before a slim crowd of 4,583.

Bobby Doerr opened the Boston attack in the second with a home run while the sacks were empty. He sent his 11th ball of the season out of the park in the seventh—this time with Johnny Pesky and Ted Williams on base. Williams also clouted a four-bagger in the third with a man on.

Dom DiMaggio had only one hit—a single in the fourth inning—but it extended to 18 the number of games in which he has hit safely. By Innings:  
Boston ..... 012 241 501—16 9 2  
St. Louis ..... 000 100 040—5 10 1  
Stobbs and Batts; Embree, Papai (4), Winegarner (7) and Lollar.  
HHRs: Boston—Doerr (2), Williams; St. Louis—Winegarner. Losing pitcher—Embree.

### East Side Boys Club Wins 5 To 3

The Jacksonville East Side Boys softball crew clipped a Winchester junior nine 5-3 at the local Northside park Saturday night. Hazelrigg lashed the entire seven-inning stint on the mound for the locals to gain credit for the win. Don Hoover cracked a home run over the leftfielder's head with a mate on base in the fifth inning to tally two of the East Siders runs.

## FAN BREEZES

BY BOB MERRIS

By Bob Merris  
A tale of woe for Brooklyn fans can be traced by the newspaper headlines of the past few days. It all started something like this: "Cardinals Invade Ebbets Field For Crucial Four-Game Series." The more optimistic Bum writers viewed "Series Sweep Will Give Brooks Comfortable Lead." As the headline drama continued, sportswriters came out with "Red Birds Out Bums Lead With Thrilling 2-1 Victory," and then headed advances on the next day's game with "Dodgers, 13 Games In Front, Battle To Retain Edge." And, then we have yesterday's results: "Fighting St. Louis Club Rallies To Win Game Number Two." Those are the headline highlights of the truly crucial current Cardinal-Dodger series.

New York writers were correct in one prognostication. Things are getting mighty comfortable up there on kings row in the National league. This corner prefers to call it cozy, or even crowded. Only one-half game away from the halcyon top niche, the Birds are fighting to gain a more substantial foothold on the highest rung, and the Dodgers are just as determined that they'll repel the St. Louis invasion. Things will come to a boil in today's tussle. The Cards have a chance to emerge from Sunday's battle a half game to the good.

The St. Louis club was dealt one of the bottom of the deck when Eddie Kaskas—rookie third baseman—was felled after doubling home Enos Slaughter with an important run in yesterday's tangle. Reports show that the ankle injury was only a sprain, just enough to inactivate the plastic-armed wonder for a few days.

Cardinal fans must have felt a glow of warmth steal clear down to their toes when Ed Bums turned their backs on the Red Birds with two out in the ninth. Not only did the Cards knife them, but also twisted the cutlery in the wound. Those kind of losses are hard to take, but methinks that Burt Shotton is old and wise enough to remember that the game isn't over until the last batter is out.

Jackie Robinson—Brooklyn's speedy base smasher—has, so far, failed to dazzle Cardinal receivers with his adroit base stealing. Caught in the act during the first game, Jackie was nipped by 5 steps by the sure throwing arm of Del Rice. Yesterday, Rice again stole the show by catching Robinson by about 11 paces. Guess they haven't heard that the Brooklyn second baseman has been getting away with such antics in other cities and against other teams.

Leo the baseball player tamer has seen the tables turned several times of late. Mr. Durocher has been the victim of the most strategic offensive play in baseball—the home run. It all started in Cincinnati when Walker Cooper—the catcher Leo

didn't want—belted a four-master with the sacks drunk to whip the Giants. Yesterday, Johnny Mize and Billy Rigney—two infielders that the Giant manager has been juggling in and out of the lineup—saved the Giants hide when they blasted home runs to help tamp the tail-end Cubs. We wonder, does the Giant manager's extensive verbal repertoire cover what to say in a case like that?

The most classic squelch of the decade (hear! hear!) came from Leo after Walker Cooper had made his statement to the Sporting News in regard to the Cincinnati shanghai. Leo said "has anybody got a towel?" What Durocher was probably implying was that Big Walk is a cry-baby. We'd rather apply the statement to the fact that the Lip is all wet and needs a thorough drying off himself.

A. S. A. district softball commissioners are coming into their own. Bob Duwever, Waverly representative, announces that 29 teams are lined up, ready to open hostilities in his state sectional tournament at Waverly tonight. Eighteen Springfield nines insure Waverly softball fans of plenty of keen competition. The tourney will continue through August 2. The winner is slated to compete in the state finals at Danville.

Hershel Heaton, our own district commissioner, has published schedules of his district meet which will begin at the Southside park next Friday night and continue through the following Sunday. The local Elks and Moose clubs loom as the top contenders in this tournament.

The district winner will move into the sectional held here, strating August 14. The sectional tournament will feature the Macomb district winner, and the local district winner, together with Myers Bros., Implement Dealer and Macomb Bruin clubs who have already established themselves as top softball contenders, thereby disposing of their necessity to play in the preliminary district.

### Rigney And Mize Homer For Giants To Whip Cubs 10-6

New York, July 22.—(P)—Billy Rigney and Johnny Mize climaxed two out rallies in the seventh and eighth innings today with home runs to spark the New York Giants to a 10-6 triumph over the Chicago Cubs.

Trailing, 6-3, going into the seventh, the Giants battered started Warren Hacker and reliever Walt Dubiel for four runs to take a lead they never relinquished.

Whitey Lockman walked to start the Giant seventh. Bob Thomson filed out and Mize fouled out with Lockman moving to second after Mize's out. William Marshall then doubled, Sid Gordon singled and Rigney homered off Dubiel.

Bob Chipman was the victim of the Giants' final flurry. A walk and single by Lockman preceded Mize's 17th homer.

### Tigers Trip Yanks In Pennant Drive With 2-1 Setback

Detroit, July 23.—(P)—The Detroit Tigers threw a roadblock in the path of the pennant-conscious New York Yankees by beating them 2 to 1 today behind the brilliant five-hit hurling of young Art Houtteman.

The defeat cut the Yankees' lead over the second-place Cleveland Indians to 4½ games.

All the hits off Houtteman were in the first four frames, but only in the second inning could the Yankees score.

Joe DiMaggio walked to open that inning and advanced to third on Charley Keller's double. DiMaggio then raced home on Bobby Brown's long fly.

A double by George Kell gave the Tigers both their runs in the first stanza. His blow scored Pat Mullin who had doubled and Vic Wertz, who drew one of Duane Pillette's two passes.

FINALS TODAY IN LAKES GOLF MEET  
Chicago, July 23.—(P)—Skeet Riegel, Upper Darby, Pa., 1947 national amateur champion, today beat Hal Stone, Jr., Bloomington, Ill., 5 and 3, and Jim Frisina, Taylorville, Ill., eliminated Normando Nannini, of Chicago, 4 and 3, in the semi-final round of the Great Lakes amateur golf tournament.

## Moose Baseballers Host To Smithfield On IC Field Today

The Jacksonville Moose baseball team, still leading the Illinois Valley Conference race with a record of nine wins and one defeat, will play host to the Smithfield aggregation on the Russell Field diamond in a game starting at 1:30 this afternoon.

Big John Maynard, ex-Illinois College hurler, will be on the mound for the locals. The Smithfield Ivy circuit entry is currently resting in next-to-last place in the loop.

The Moose baseballers will journey to Havana Monday evening to play a disputed game with Kilbourne. The game will mark the local team's initial venture into the state playoffs which will end in Michigan with the National tournament.

### Bob Feller Sparks Indians To 5-3 Win Over Nats

Cleveland, July 23.—(P)—Sparked by Bob Feller's four-hit pitching, the Cleveland Indians punched across two runs in the eighth inning today to defeat the Washington Senators 5 to 3 before 21,000 fans.

Mickey Vernon slashed a long triple to left center to drive in Dale Mitchell and Thurman Tucker with what proved to be the winning runs. Feller, knocked out in his last start against the New York Yankees Wednesday night, did not allow a hit until the fifth, when three hits produced two runs.

Rookie leftfielder Al Hittle was charged with the loss.

WASP CURE IS PAINFUL  
Des Moines.—(P)—Elwyn Pearson's plan for getting rid of wasps proved more painful than stings. The wasps had been stinging his stock in the pasture. He discovered the nest in a large gas pipe used as a fence brace. Pearson threw gasoline into the pipe, and lit a match. There was a blast which threw fire over him, resulting in burns that required hospital attention.

## Cards' Late Rally Nips Dodgers 5-4; Narrow Gap On League Leaders

Brooklyn, July 23.—(P)—The St. Louis Cardinals staged a two-run ninth inning rally with two out to whip the Brooklyn Dodgers, 5-4, and cut the Brooks' National league lead to a half game. The triumph was the runner-up Cards' second straight victory over the Dodgers in the crucial four game series which ends Monday.

Marty Marion singled home Stan Musial with the tying run and Joe Garagiola singled across Lou Klein with the winning run before a turnout of 28,396 fans.

The Cards, waging an uphill battle throughout, were within one strike of dropping the game in the pulse-pounding ninth. The Cards had trailed, 2-1 after two innings, 3-1 after six and then tied the count in the seventh only to have Brooklyn take the lead again in its half of the seventh, 4-3.

Musial walked to start the final frame and Jack Banta, second Dodger pitcher, was relieved by Erv Palica. Palica, making his fifth appearance in as many days, fumbled Nippy Jones' bunt and both runners were safe.

Then the Dodgers got a break. With the infield in expecting a bunt, Enos Slaughter lined to first-sacker Gil Hodges who beat Jones back to first for an unassisted double play. Klein kept the rally going by drawing a walk.

Palica got two strikes on Marion. Marion fouled off the next two pitches, then, as Klein broke for second on a hit-and-run play, Marion singled to right to score Musial with the tying run. Jackie Robinson had left his position to cover second as Klein broke and Marion's grounder zipped through the vacated spot. Garagiola followed with a hot single past short to plate Klein with the winning run.

Ted Wilks, who replaced Gerry Staley after the Card starter was lifted for a pinch-hitter in the eighth, held the Dodgers' hitless over the final two heats to gain his eighth victory. He fanned four including Duke Snider for the final out with Gene Hermanski, who had walked, on first.

## CZECHS LINE UP FOR U. S. FILMS

Parague—(P)—The biggest queues in town these summer days—driving even those before the free market food shop—stands before the few American and French movies the Communist government allows shown here. Such Hollywood oldies as "Arabian Nights" and "Robin Hood" are packing them in, with the French "Silence Is Golden."

## On the other hand, Russian films, of which the Czechs get plenty, do slim business. Products of the Czech film industry also do poorly at the box office against the western products.

And it is no accident that the few available American films are saved up for the summer months. Both spectators and exhibitors will tell you why. It is because there is no trick to filling theaters in the winter, when people often go to keep warm or to avoid boredom.

THE STORY: Mrs. Everson, a wealthy woman, believes that an atomic war which will mean the end of the world is impending. She has equipped two giant trailers with all the comforts of civilization and is fleeing to "a place of safety" which she alone knows. Among her servants are Mrs. Margaret Malone, a widow who retained a cook who left Mrs. Everson along the road; Rudy, a disgraced movie star who is the chauffeur, and Victor, a well-educated young Filipino. Also in the party is the Marchese Bellacosa, an exiled nobleman who is Mrs. Everson's companion. Twice Mrs. Malone has decided to run away, but twice she has decided to remain, once persuaded by the Marchese, and now by the discovery that she too is a descendant of the Marchese and that the trailer caravan offers refuge.

## IT wasn't true, what Rudy insinuated, that the Marchese was a pretentious nobody. Mrs. Malone listened in, when she could, on his amazing reminiscences, and discovered that, far from boasting of the hospitality of monarchs, potentates and viceroys, he considered their friendship due his rank.

He had taken in his stride coronations, durbars, maneuvers and consistories. In fact, he seemed to have sat in, as guest, at all the glitter and splendor of the international pageant, the great spectacle of the Nineteenth and Twentieth Centuries.

In his heyday, she learned, the Marchese had owned three houses: one in London, another at Cap Ferat, a third at Fiesole. The house in London was now a hole in the ground. The villa at Cap Ferat had been shelled to powder. And the Renaissance palace had taken a direct hit during the siege of Florence.

The Marchese belonged now to Mrs. Everson. It was his job to teach her manners, to feed her the double-talk of the drawing room to show her, if he could, how to behave with servants, diplomats, petty officials or trades-

people, and how to speak French without sounding like a schoolgirl. The Oklahoma waitress who had married the old man took it all in, too, soaked it up like a postoffice blotter.

"If the world's going to be blown up any minute," Mrs. Malone said to the Marchese, the second morning at breakfast, "what's the use of knowing how to introduce a countess to a duke or a Prime Minister to a Secretary of State?"

The Marchese smiled. "It will start all over again," he explained. "Suppose, for example, there are 10 or 15 groups of survivors in the United States. Sooner or later they will come together and establish a government, then a system of precedence, and finally a society. It is just as well to be prepared."

"What good's Mrs. Everson's money? It won't buy anything," "But her jewels will," the Marchese said. "Barter, my dear Malone! Consider the Black Market in Europe after the war. Then multiply it by 10,000 and you will have some idea of our superior position after the dust settles and the mountains cool off..."

He smiled again. "The possibility enchants me," he said. "You see, I am a congenital Tory. The decline of the aristocracy saddened me profoundly because I found their way of life both picturesque and essentially workable. The knights and ladies, the great houses, the pageantry and tradition, I believe the middle classes liked it, too. They were happier serving the privileged than they ever have been on the dole. But then..."

He shrugged his shoulders. "THE malcontents and the envious have never realized that if the wealth of the world were divided up between every man, woman and child, no one would have enough for an ermine coat," he went on.

"And so the trappers and furriers would be out of jobs. Also no one would have enough for jewels; and so the miners, goldsmiths, designers and jewel merchants would all go down—and the architects too, since no one could build a fine house. And the dress-makers, since aprons would be the standard of chic."

"But you follow me! It is perhaps just as well that the end is coming. One great explosion, and the matter is settled... at least temporarily."

One great explosion! It seemed to Mrs. Malone that never had the world been more beautiful than now. The nights especially, when the trailers drew off the road and parked, and the silence came light-footed out of the dark. Never had the sky so swarmed with stars—a vast canopy of powdered ice, the Milky Way, the immense, round planets, blue Sirius, ruddy Mars, the Bear, the Dipper...

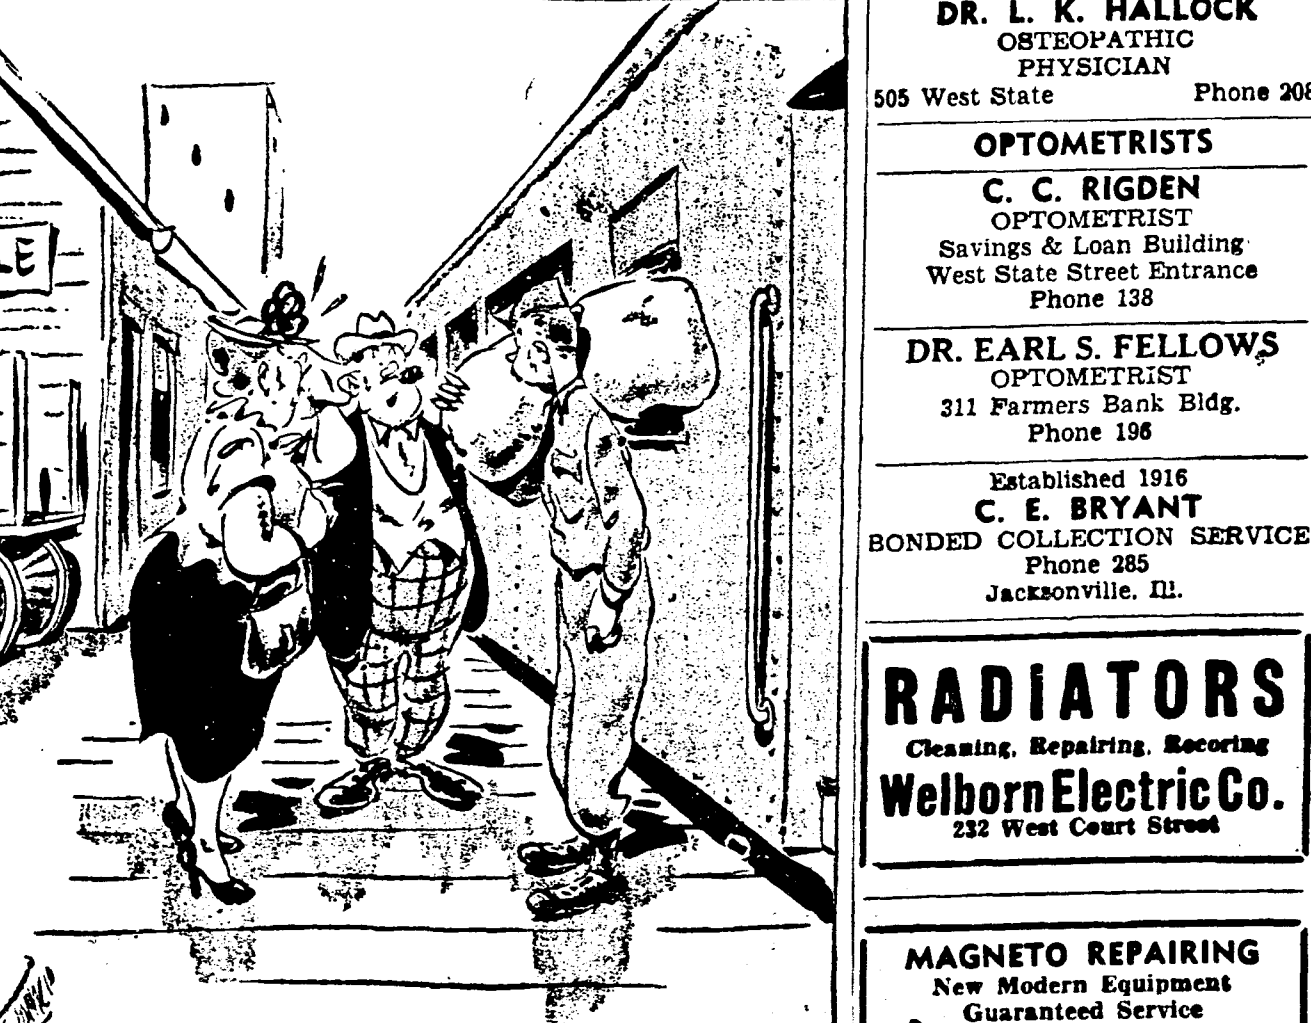

After dinner she walked along the paved road, letting the marvel of existence flow through her consciousness. How wonderful the dark! How wonderful the earth smells brought on short puffs of warm wind across the plain! In the distance the lonely aerial beacons flashed red, flashed white, guiding the swift transport planes that shot like projectiles across the continent.

Occasionally the headlights of a car approached, blazed and passed, the red tail lights diminishing, vanishing...

One great explosion! (To Be Continued)

# Bob Tennill, 19, Struck By Lightning During Big Electrical Storm

Bob Tennill, 19, of Roodhouse was knocked unconscious Saturday afternoon at 4:30 when a bolt of lightning struck him while he was unloading hay on the Russell Hutton farm south of Roodhouse.

Tennill, who was standing in a barn door near a metal water hydrant said he didn't see or hear the bolt coming but thought he saw a "blue flash." Next thing he remembers he was in the hutton farmhouse. He was unconscious for about an hour.

# Winchester Will Hold Horse Show Thursday Evening

Winchester—The Winchester society horse show will be held Thursday evening, July 28, 1949 at 7:30 p.m. in conjunction with the county 4-H show. Classes to be shown: three gaited combination, boys and girls ponies, roadster to bike, five gaited, western parade horse, fine harness, roadster under saddle, three gaited pleasure class and five gaited combination.

Prizes are given by Winchester businessmen. The entry list already includes horses from Springfield, Quincy and Jacksonville. Since the prize money has been increased the show promises to be even more successful than last year. The judge is to be Ben McCallister, Henry, Ill.

Scott county 4-H members will be aiming at prizes in their various home economics and agricultural projects. A fine exhibit is in prospect for swine, dairy cattle, beef cattle, sheep, poultry, rabbits, produce and flowers.

All these are personally owned and have been cared for by 4-H club members. Judging in the 4-H show will begin at 8:30 a.m. and the horse show will commence at 7:30 p.m. (c.s.c.).

# Rainbow Assembly Initiates Seven Candidates Friday

Roodhouse—Initiatory ceremonies were held by Roodhouse Assembly of Rainbow for Girls in the Masonic hall Friday evening at 7:30, at which time seven girls became members of the order: Janice Ballard, Diana Dawdy, Olga Mayberry, Carol Arisman, Margaret Simmons, Laura Fraley and June Whitworth.

Soloists for the evening were Betty Perry and Shirley Dawdy.

Masons and members of Roodhouse chapter, No. 571, O. E. S. were guests.

Among the out of town guests were Mrs. Olson, mother adviser and Martha Jean Lewis, worthy adviser from the Jacksonville assembly.

Refreshments of punch and home-made cookies were served by the Rainbow girls and a committee of mothers.

Roodhouse assembly Rainbow for Girls now numbers 72.

# White Hall Girls Will Attend Camp

White Hall—Phyllis Reynolds and Carol Ann Davis have been chosen to attend state junior leadership camp at East Bay Lake, Bloomington, July 25-30.

The girls represent the economic clubs, while boys attending represent the agricultural clubs of the county. The program will be centered around problems and ideals of good leadership. Delegates were selected because of their fine 4-H club records and ability for leadership.

Miss Betty Reynolds, youth assistant, will also attend the camp and serve as a cabin counselor.

# Seven Students Go To Baton Twirling Camp

The pretty drum majorettes who lead the Jacksonville high school band will have some new and fancy routines to display this year. Six of the girls, including Barbara Stevens, Margaret Lacy, Patsy Shannon, Marlene Dodsworth, Geraldine Daniels and Joyce Watt, returned Saturday from a week of intensive training at Culver Stockton Twirling camp at Canton, Mo.

Sponsored by Band Boosters

All the girls were sponsored by the Band Boosters club. The camp was attended by 90 girls from all over the country, particularly from the midwestern states.

Among the many courses offered were marching and appearance, flag waving, rope spinning, lighted baton routines, two baton routines, synchronized twirling and showmanship. Student were classified into groups, according to ability and experience.

Jacksonville was further represented at the camp by Gaylord Spotts, son of Mr. and Mrs. D. M. Spotts, who went as a student instructor in tap and twirling. Spotts, who plays piano in the J.E.S. band, was one of the two boys in attendance.

Taken To Camp July 17

The students were taken to the camp July 17 by Charles Williamson. They returned with relatives, who viewed a twirling exhibition Friday evening.

Eight band members took time out from their summer activities, to receive five weeks of band and orchestra work at Stephen Collins Foster music camp in Richmond, Ky. Six students were sponsored by the Band Boosters club, while the Lions club and Jacksonville Zingbad Grotto each sponsored one.

Those from here attending the camp, which is limited to 100 students, were: Betty Query, Jo Canastey, Beth Armin, James Mawson, Vernone Hopper, Charles Moore, Robert Portado and Frank Auwater.

They were driven down by James Welch, band instructor at the high school, and Mrs. Auwater, teacher at Lafayette school. The girls returned home with Mr. and Mrs. W. T. Query and the boys enjoyed an extended trip through Kentucky with Mr. and Mrs. Mawson.

Though there was quite an electrical display, the victim stated, none seemed to be crashing nearby.

**Hit In Right Arm**

The bolt hit young Tennill in the right arm. It left no mark, but his arm was paralyzed for two hours. Late Saturday evening Tennill was still suffering considerable pain.

Bystanders, including Russell Hutton and Dee Bell, carried him into the house after the accident. Dr. F. Earl Walker was called and made an examination.

The son of Mr. and Mrs. Jack Tennill, Tennill will enter marine corps training in St. Louis this fall.

The only other reported damage from the electrical storm which hit the Roodhouse area was at the home of Mrs. Lee Smith, in Roodhouse, where lightning burned out the radio and telephone. Fire chief Richard Hopkins investigated.

# William Reynolds, Ashland, Succumbs At Home Of Son

Ashland—William Henry Reynolds passed away at 11:15 a. m. Saturday at the home of his son, Eugene, five miles north of Ashland, where he had resided since returning from a Springfield hospital several days ago.

Mr. Reynolds, 74-year-old farmer, had been in failing health for some time.

He was born July 4, 1875, in Pittsfield, son of Walter and Elizabeth Reynolds. On Dec. 24, 1900, in Springfield, he married Miss Maude Shirliff, who died in 1907. One son, Walter Henry, Jr., also preceded him in death.

Surviving are two children, Mrs. Bessie Tentler of Joliet and Eugene of Ashland; and two grandchildren. Funeral services will be conducted Monday at 2 p. m. at Gainer Funeral Home by Rev. Gordon E. Wood, pastor of the Church of God. Burial will be in Yatesville cemetery, six miles west of the city.

Friends may call at the funeral home until the hour of the service.

# 20 Members Attend Patterson Camp Of Royal Neighbors

Patterson—Twenty members were present Thursday evening at the regular meeting of the Patterson Camp of Royal Neighbors. Vice-Oracle Laura Dawdy presided, in the absence of the Oracle.

Several games were conducted by the hostesses, Mrs. Ruby Bowman and Mrs. Edith Patterson. Mrs. Gertrude Springate was winner of the door prize, given by Mrs. Charlice Dawdy.

Refreshments of ice cream and angel food cake were served at the close of the evening.

Hostesses for the August meeting will be Mrs. Maude Johnson and Mrs. Mildred McEvers.

Plans are being completed for the ninth annual picnic to be held Thursday August 4 for the benefit of the Pine Tree, Patterson and Hawkins cemeteries.

Chicken and fish dinners will be served under a large tent, with serving beginning at 11 a. m. Refreshment and lunch stands will also be on the grounds. Good entertainment is planned for both afternoon and evening.

CAN YOU MATCH THIS? Here Mr. Hembrough is pointing out some of the unusual folders in his collection. The match books shown are but a part of one of the four large display boards mounted in the Hembrough home in South Jacksonville. Each board holds more than 650 folders. The match book he holds in his hand is over a foot wide and is an advertising novelty used by a carnival that has several times visited Jacksonville.

# Etta Franklin, New Berlin, Dies In Los Angeles

New Berlin—Mrs. Etta Franklin of the New Berlin vicinity passed away Friday in Los Angeles, Calif., where she had resided for the past few months.

Mrs. Franklin, daughter of Mr. and Mrs. Alonzo Mills, was born in Springfield. She was married to Elmer Park, who preceded her in death. She later wedded Thomas Franklin, who survives. There are no other survivors.

The remains will arrive Tuesday evening in Springfield, where they will be met by the McCullough Funeral Home of New Berlin. Funeral services will be held Thursday at 2 p. m. at the funeral home. Friends may call until the hour of the service.

Burial will be in Sulphur Springs cemetery, Loami.

# Mrs. Edith Souza Funeral Saturday

Last rites for Mr. Edith Beemer Souza were held at Williamson Funeral Home Saturday at 2 p. m., with Rev. Leslie G. Heuston officiating.

Mrs. H. V. Covey, soloist, was accompanied at the organ by Mr. Warrington Kent.

Caring for the flowers were Mrs. Fred Settle, Mrs. Verlon Beemer and Miss Claudine Ferguson.

Palbearers included James, Jerry and Herbert Cruise, Clyde and Albert Beemer and Grant Ferguson, Jr.

# PROGRAM COMMITTEE APPOINTED BY CLUB

Appointment of Mrs. Carline McGinnis, Mrs. Frances Burrus and Mrs. Ruth Master to the program committee of the Cross country club was made recently at the home of Mr. and Mrs. Loren Burrus. Mrs. McGinnis will serve as chairman.

Father Henchan of Virginia entertained the group with moving pictures taken on his trip to Europe. Mrs. Marie Burrus, president, conducted the business.

A potluck supper was enjoyed by the members and their families. A Wiener roast for the families will be held at the September session in the home of Mr. and Mrs. Clifford Burrus.

# White Hall Hospital Notes

Mrs. Louise Young was dismissed to her home July 14.

Mrs. Vergil McMillen entered for medical care July 14 and was dismissed to her home July 21.

Mrs. Maude Tatman of Roodhouse entered for observation and was dismissed on July 16.

Born to Mr. and Mrs. Fred Powell of Hillview, a baby girl on July 15 named Jo Ann, both being dismissed to their home on July 19.

Susie Worrell entered for tonsilectomy July 16 and was dismissed the same day.

Fred Sherwin of Patterson entered for medical care on July 17.

A premature infant was born to Mr. and Mrs. Orvis Dawdy on July 21. She was named Surelda Marie and weighed 2 pounds, 14 ounces. Mother and infant were sent to the premature infant center in East St. Louis the same day.

The antelope Jack rabbit lives chiefly in Mexico and a short distance north of the border.

# Carl Hembrough Has 3,000 From All Over Nation

BY JAMES REED

A man with a "striking" hobby is Carl L. Hembrough, 417 East Vandalia Road, in South Jacksonville. Mr. Hembrough collects match book covers. He has over 3,000 match covers of many shapes and designs from every state in the union, Canada, Mexico, Cuba and Bermuda.

This immense collection was started in 1940 when the Hembroughs began saving the match books they collected from places visited while on a trip through the southwest. Mrs. Hembrough and her niece, Marie Hembrough of Omaha, Neb., together have visited all 48 states, bringing back with them match books for the collection. Mr. Hembrough has been in all but six states.

With the family and friends all helping add to the collection, the match books accumulated very rapidly. There came a time when the Hembroughs had several cigar boxes, cans, jars, and closets shelves literally overflowing with the folders.

The question of the day was "What do we do with them now?"

Several friends offered their advice and opinions to help solve the problem. The best suggestion was that of a neighbor, John Loneragan, who constructed for them a large poster board, four feet square, on which the match books could be placed. The board is designed so that the folders are placed in parallel rows with more than 40 inserted in the slots along each row. By this arrangement each match book cover can be removed and examined individually without disrupting the entire display.

The one board was filled very quickly. There were still more match books yet to be displayed, so Loneragan built another. More and more friends heard of Mr. Hembrough's hobby and started sending him folders.

The collection mounted so quickly that now there are four of the large display boards covered with the match books.

As of May 18, 1949, Hembrough had exactly 2,325 match books, not including duplicates. Counting the books he has received since that time and the few duplicates he has, his collection now totals more than 3,000. Sizes of the folders vary in width from 1/2 inch to a giant specimen which measures more than 15 inches. Their height ranges from one inch to almost five inches.

Most of the match books advertise a business or a service. The multi-colored array of covers makes an attractive display covering the walls of the living room in the Hembrough home. One group of match books especially interesting is that of political candidates. Contained in this group are folders which were used in the campaigns of almost all the county, state, and national candidates for the past several elections.

Some of the match books are souvenirs of anniversary celebrations of states, parks, businesses, etc. Many individuals have contributed their own monogrammed match folders.

Mr. Hembrough gives ample credit to all the friends who have helped him build his collection. On the back of each match book given to him he writes the name of the donor and the date he received it. If someone gives him enough covers to fill a row on the large board he inserts a card with their name at the end of the row.

Several rows of the covers have been contributed by George Marr, formerly of the Asbury community, now living in California, and Howard Becker and George Megginson, both of Jacksonville. These three men have travelled extensively and have donated the folders collected on their trips.

For safety precautions the sulphur tips are removed from the matches before placed on the display board. "We're running out of room on the walls," declared Mr. Hembrough, "but that doesn't stop us. We'll put them on the ceiling next."

# Concord-Jersey College PTA Plans Penny Supper Soon

Concord—Ladies of the Concord-Jersey college PTA met Tuesday afternoon at the Methodist church. Tea towels and dish cloths were brought and marked for use in the hot-lunch kitchen at the grade school this coming term.

The president, Mrs. L. E. Weghoff, completed plans for the penny supper by appointing committees to be in charge of the various foods.

Members of the Caravan Team, the local M. Y. F., and Rev. Pitsch spent Wednesday in Springfield and New Salem visiting points of interest.

Mrs. Ethel Weeks and mother, Mrs. Sarah Nortrup, spent several days recently visiting at the home of Mr. and Mrs. Glen Whitlock in St. Louis.

# Concord Caravan In Charge Of WSCS Regular Meeting

Concord — The W.S.C.S. met Thursday afternoon at the Methodist church with 24 members and two guests, Mrs. Hastings and Mrs. Wells, present.

After the business period, members of the caravan team were in charge of the afternoon program. Devotions were led by Miss Jean Coleman and Mrs. Beverly Messel. Miss Hillery, counselor, told of her work with Mexican migrants' children in Michigan.

During the social hour refreshments were served by the hostesses, Mrs. H. C. Henley, Mrs. Otto Nickel, Mrs. Walter Standley and Mrs. Arthur Bolle.

A large group of young people from the Methodist and Christian churches were present Friday evening for the fellowship supper and dedication services held at the Methodist church under the supervision of the M.F.Y., Rev. Robert Pitsch, and the caravan team.

The caravan left Saturday for Nanticoke, Ill., to begin a new week of work with the youth of the Methodist church.

# Bulletin

Lloyd Bain, 26, of Patterson, Illinois was seriously injured late Saturday night when he and his companion Joe Morgan of Roodhouse sideswiped a truck east of Waverly.

Morgan, who was driving, lost control of Bain's 1939 Dodge which rolled over several times and was almost completely destroyed. Bain, was thrown out of the car and on the highway. He sustained compound fractures of both jaws, and unascertained injuries to his arms and legs. Morgan received only minor injuries.

Rushed to Passavant hospital in the Waverly Wiese Funeral Home ambulance, Bain was given first aid by Dr. Ellsworth Black. The full extent of his injuries were not known early Sunday morning.

The accident occurred on the second curve east of Waverly on Route 104. The truck did not turn over, but was considerably damaged. The wreckage of the Bain automobile was taken to a Waverly garage.

Bain is an employee of the Central Illinois Power company.

The accident was investigated by State Police operating out of Jacksonville.

# Record Players Bow To Petrillo In Music Battle

Chicago, July 23—(AP)—James C. Petrillo won a battle against canned music today without firing a shot. But his victory gave six disabled veterans the jitters.

In New York yesterday, Petrillo issued an ultimatum to Chicago hotels and cafes which have been supplementing music of his American Federation of Musicians Unionists with piped-in tunes supplied by the Boom Electrical and Amplifier Co.

The AFM boss said that if the recorded music was played in places where his men worked, they'd walk out. The result was that Boom's amplifiers were switched off.

The move was part of a campaign by Petrillo directed at the Muzak Corporation of New York, which supplies recordings for services like Boom's in 34 major cities. Boom holds Muzak's Chicago franchise.

# U.S. Will Start Giving G.I. Life Insurance Refunds

Washington, July 23—(AP)—The government will start handing out the long-awaited application blanks for its \$2,800,000,000 G.I. Life Insurance refund Aug. 29.

Veterans administrator Carl R. Gray Jr. said today the forms will be available on VA date in every postoffice, every VA office and at veterans' service organizations.

"Just mail in your application filled out as completely as you possibly can," Gray advised in a statement.

"Then wait until the checks start out some time in January of next year."

About 16,000,000 present and former policyholders and their dependents will share in the payments through the 20,000,000 policies issued from 1940 through 1947.

# Church Laboratory To Begin This Afternoon At MacMurray College

Registration will begin at 4 p.m. Sunday afternoon at MacMurray college for the Methodist church sponsored Sunday school laboratory. The school is open to Sunday school workers of all denominations.

State wide in scope, school officials expect more than 100 delegates to attend the week session. Dean of the school will be Dr. Lowell B. Hazzard of Illinois Wesleyan university, Bloomington.

Recent in origin, the laboratory is in Jacksonville for the first time. Delegates will attend classes at Grace and Centenary churches and will reside at MacMurray.

**60 Children Invited**

Along with 60 adults, 60 children from ages 3 through 14 have been invited.

The Sunday school laboratory will be staffed by church educators of national prominence. Courses offered are as follows:

"Helping Nursery Children in Home and Church," Mrs. Herbert Cassidy of Lodi, Ohio.

"Guiding Primary Children in Christian Growth," Mrs. William Niedermeyer McCaw, Grand Island, Neb.

"Guiding Junior Children in Christian Growth," Miss Vesta Townner of Kansas City, Mo.

"Guiding Intermediates," Mrs. Mae Sigler of Sargent, Neb.

Dr. Hazzard will teach Bible courses.

School officials stressed that all Sunday school teachers, prospective school teachers of all denominations, and church workers are invited. The school faculty will meet Sunday night for a policy meeting.

# Tries To Breed Chickens Without Necks--No Luck

Byron, Calif., July 23—(AP)—A chicken with no neck would be a big boon to white meat lovers than even the new wingless variety.

At least that idea occurred to Lorenzo Armstrong when he read about wingless birds developed in the Midwest.

So Armstrong built his hen houses with low roofs. Feeding troughs were breast high. The wire over the chicken runs were lowered. He figured if they kept their heads down about wingless birds developed in the Midwest.

He gave up today. The chickens just got humpbacked.

# Spectators Watch As Panther Kills 300-Pound Gorilla

Spokane, Wash., July 23—(AP)—A powerful black Panther, who tore a 300-pound gorilla apart in a gory struggle, paced back and forth in his cage today and defied efforts to tend his wounds.

The panther slipped under an unlatched gate at a wild animal show last night and pounced on the ape in an adjoining cage. Nearly 400 spectators watched in terror.

They fought for more than two hours. Finally the gorilla was shot to death by attendants who were unable to separate them. The panther had torn off the gorilla's right arm and was clawing and chewing at his victim as the ape fought back on his back.

A huge lion in an adjacent cage slammed against his bars in an attempt to get into the fight, of pain and anger from the battle-cage could be heard for almost a mile.

Ruby Smith, trainer and part-owner of the show, said the animals had been "feuding" since the cat tried to claw at the gorilla through the bars three weeks ago.
